SHIPPERS FIGHT ON RATES ENDED

Lengthy Hearing Before Commerce Commission Concluded Yesterday.

TESTIMONY AGAINST ADVANCE

Involves Increase Rates of Eastern Trunk Lines of From $27,000,000 Upward—Number of Witnesses Appeared.

Washington, Nov. 30.—The testimony in the Eastern trunk line freight advance case was virtually concluded by the Interstate Commerce Commission today after many witnesses for the shippers had agreed that the proposed increases would localize competition, hurt the Western market for Eastern goods and otherwise seriously interfere with their business.

The pending suspension of the proposed advances is until February 1st next, and meantime, on January 9th, the arguments of counsel will be made and the commission may be prepared to render its decision by the expiration of the present extension. Some perfunctory testimony tomorrow will close the evidence. The proceeding is one of the most important ever undertaken by the commission, involving increase rates of from $27,000,000 upward in the section east of the Mississippi and north of the Ohio and Potomac rivers.

Witnesses who today supported the shipers' protests included heads of the Westinghouse Airbrake Company, the Railway Business Association, American Locomotive Company, Shoe & Leather, Drug, Cotton Piece Goods, and other enterprises.

Clifford Thorne, of Washington, Ia., railway commissioner-elect, counsel for the Corn Belt Meat Producers' Association, and the Farmers Grain Dealers' Association, contended that in four States alone, covered by an exhaustive investigation he had made, the railroads had overcapitalized by $400,000,000. This was based on a statistical summary of the actual physical valuations of 135 properties having combined capitalization of more than one billion dollars.

Mr. Thorne contended that railway net earnings has been increasing faster than their expenses and that the credit of the roads was good.

"Tell your troubles to the commission," was the only consolation President John S. Lawrence, of the Lawrence Company, of Boston and New York, testified he received from the railroads when he tried to talk to them about the advances which meant $70,000 increased cost annually to his cotton piece goods selling agency business.

Edwin F. Fobes, of Boston, candy manufacturer, contended that candy is a necessity and not a luxury. Attorney Butterfield, for the New York Central lines forced him to say that he saw no reason why sugar, unaffected in the proposed advance and a big factor in the candy business, should not bear its fair share of the increase. He said the increase would take off half of his quarter of a cent profit on the six and eight cent a pound candy.

Charles L. Schwartz, of St. Louis, representing the National & Western Association of Shoe Wholesalers, testified that the increase cost would be put upon the dealers and that it would ultimately reach the consumers on certain medium and low grades of shoes.

Many other witnesses from Boston, Worcester, Philadelphia and elsewhere added to the complaints of injustice in the increases.

DARTMOUTH STUDENT KILLED.

Football Player Met a Strange Death. Cause Unknown.

Cincinnati, O., Nov. 30.—Edward Wainwright, of Hanover, N. H., a former Dartmouth College football player, was found unconscious in an alley here today and died while being removed to a hospital. There was a gash four inches long over his left eye, and this is believed to have caused his death. Friends of Wainwright, who identified the body, believe he was foully dealt with, while the police are of the opinion that his death was due to an accident.

Wainwright came to Cincinnati from Hanover two years ago to work for the Union Gas & Electric Company. He was graduated from Dartmouth in the class of 1901 and was a star halfback of the team of 1900.

ROANOKE NEGRO SENTENCED.

Given 18 Years of Killing Railroad Conductor.

Roanoke, Va., Nov. 30.—Pomp Scott, a negro who cut Railway Yard Conductor M. M. Spence to death here six weeks ago when the latter attempted to arrest him for stealing brasses from the railroad yards, was today sentenced to 18 years in the penitentiary by Judge W. M. Staples. Scott was tried without a jury. The defense was that Spence had no right to arrest Scott, and that the killing was not premeditated. Immediately following the sentence Scott was taken to Lynchburg for safe keeping.

AGREE NOT TO REDUCE STEEL

Library of Congress

Producers Decide Against a Reduction for Good of the Industry—Judge Gary Makes a Statement.

New York, Nov. 30.—The price of steel will not be cut. Forty of the leading producers and their representatives, who stand for approximately 95 per cent. of the production of the country, met here today and decided that it was for the good of the industry to keep quotations where they are now.

Among those men were Judge E. H. Gary and W. E. Corey, chairman and president, respectively, of the United States Steel Corporation; Charles M. Schwab, president of the Bethlehem Steel Corporation, and others.

Since the last meeting of the institute, some two months ago, when a similar agreement was reached there has been an understanding in the trade that some manufacturers were not living up to this gentleman's agreement. When last the small makers cut prices, the United States Steel Corporation followed their lead and went after the market aggressively, with a consequent general unsettlement of the "barometer of business."

Therefore there was feeling yesterday and this morning that some such action might eventuate from this afternoon's conference and its outcome was awaited with the keenest interest.

At the close of the meeting Judge Gary gave out the following statement:

"Representatives of about 95 per cent. in tonnage capacity of the manufacturers of steel in America met at luncheon and the two hours following were occupied in ascertaining the condition of business in this particular line and in the expressions of opinion concerning present prices. It was stated that on the average of all branches the bookings were about 50 per cent. of the capacity and the shipments somewhat in excess. There has been a slight, though marked increase in daily bookings month by month since the first of August to the present time.

"Prices as a rule are well maintained, though in some lines, as usual, there is some cutting on the part of small producers, who were not represented. Without exception, the views expressed by those present regarding the future were favorable. Also each one voted the opinion that present prices are fair and reasonable and should not be changed.

"For some time past purchasing by railroad companies has been very much below normal; but it is the concensus of opinion that there will be an increase in the near future. The account of daily bookings at the present time is about equal to the total capacity of the mills ten years ago.

"The disposition of the manufacturers of steel to co-operate, so far as it is proper, remains unchanged."

ETHEL LENEVE NOT THERE.

Couldn't Find Her on Steamer Majestic in From London.

New York, Nov. 30.—If Ethel Leneve, Dr. Crippen's erstwhile companion is aboard the steamer Majestic, which anchored off Quarantine for the night, she had a better disguise than when she came to Canada in boy's clothes aboard the Montrose. Her name does not appear on the passenger list and no one like her, the officers of the ship soid tonight had been recognized.

It was reported in cable dispatches from London that Miss Leneve had taken passage second class under the name of "Miss Allen," and would embark at Southampton, but the prophecy proved wrong. Then there came word that another mysterious second class passenger had been taken on at Queenstown, where few second class passengers embark. She does not seem to be Miss LeNeve.

A SUIT AGAINST TAMPA.

Action for $20,000 Brought by Central Trades and Labor Assembly.

Tampa, Fla., Nov. 30.—Suit was filed against the city of Tampa this afternoon by the trustees of Central Trades and Labor Assembly for $20,000 damages. It is alleged that the Assembly has suffered damages to this extent by the closing of the labor temple for a period of three weeks during the cigar makers strike to prevent gatherings and by damage done to furniture and the loss of valuable papers. The temple was closed some weeks ago by order of Mayor McKay to prevent gatherings at which violent speeches were made and at which, it is alleged, irresponsible speakers incited the strikers.

Governor Gilchrist arrived here today to make a personal investigation of charges made by Samuel Gompers that the strikers were not being accorded protection here.

Tampa, Fla., Nov. 30.—The Mallory liner Lampasses went aground this afternoon just off Hooker's Point in the Tampa Bay. The vessel went out of the channel in making proper distance from a buoy which had slipped its moorings. Tugs were sent to pull the vessel off. The passengers have been brought into the city.

Richmond, Va., Nov. 30.—The Virginia State Supreme Court of Appeals today declared unconstitutional the act of assembly known as "the firemen's fund act," and which provides for the collection of a tax from fire insurance companies for the benefit of aged and disabled firemen in the various cities and towns of the commonwealth.

COOK NOW ADMITS THERE IS A DOUBT

Explorer May or May Not Have Reached the North Pole.

ASKS THE SYMPATHY OF WORLD

Still Some Doubt, "Perhaps He Made A Mistake," He Asserts—Will Tell Everything in Magazine Story He Has Written.

New York, Nov. 30.—"Did I get to the North Pole?" perhaps I made a mistake in thinking that I did. Perhaps I did not make a mistake. After mature thought I confess that I do not know absolutely whether I reached the pole or not. This may come as an amazing statement, but I am willing to startle the world if, by so doing I can get an opportunity to present my case. By my case I mean not my case as a geographical discoverer, but my case as a man. Much as the attainment of the North Pole once meant to me, the sympathy and confidence of my fellowmen mean more."

In this way, Dr. Frederick A. Cook, the Brooklyn explorer, in an article which will be published in Hamptons magazine confesses that he does not know whether he reached the North Pole or not.

The publishers of the article issued a statement tonight saying that no where in his narrative does Dr. Cook either cast any reflections on Peary or question Peary's claims. Dr. Cook, who has been in hiding for over a year has informed the editors of the magazine publishing the story that he will return to the United States with his wife and children December 22nd in order to spend Christmas here.

Continuing Dr. Cook says: "Fully, freely and frankly I shall tell you everything. Tell you everything, and leave the decision with you. If, after reading my story you say, 'Cook is sincere and honest; half-crazed by months of isolation and hunger, he believed that he reached the pole; he is not a fakir,' then I shall be satisfied."

Dr. Cook tells the story of his life and pictures what he calls the overpowering ambition for exploration that beset him until it finally culminated in his efforts to reach the Pole. Dr. Cook declares that at the time he convinced himself that he had discovered the Pole he was half mad. He spent two years in his quest and during that time endured hunger and privation that, he says, would unbalance any mind.

The explorer states that it would be impossible for any man to demonstrate beyond question that he had been to the North Pole. He characterizes the region as a region of insanity, where one cannot believe the evidences gathered by one's own eye.

Dr. Cook then tells the story of the days in Copen Hagen and later in New York and of the crisis in his life that led to his flight from New York and his voluntary exile from the United States.

Dr. Cook and his wife are now in Europe and the children are now in a convent in France. Most of the time during his exile Dr. Cook has been in London.

"I have been called the greatest liar in the world, the most monumental imposter in history," says Dr. Cook. "I believe that in every undesirable way I stand unique, the object of such suspicion and vituperation as has assailed few men."

With this realization Dr. Cook wrote his story and says that to him the honor of discovering the North Pole no longer means anything. The explorer has been working on his story since last August and says, according to the editor of Hampton's Magazine that his sole desire is to make the people of the United States realize just what he went through during his two and a half years in the Arctic fastness, and to make them see what processes of thinking—or lack of thinking—it was that led him to do the thing which confirmed to the average mind the worse suspicion against him."

MISSISSIPPI BRIBERY.

Defense Had Good Day at Trial of Dulaney.

Yazoo City, Miss., Nov. 30.—The defense in the trial of L. C. Dulaney charged with bribing a member of the Mississippi Senate to support United States Senator Leroy Percy, during the recent Senatorial contest, played one of their best cards today. It came with the identification of bank notes purporting to be the actual money State Senator Theodore Bilbo alleged was paid him by Dulaney. According to witnesses, several of the notes were issued subsequent to the date Senator Bilbo asserts the last installment of bribe money was paid.

CHANGES IN ENGLISH FIGHT

Feature of Campaign in That Country. —Landsdowne's Scheme of Reform and Balfour's Tariff Reform.—Features.

London, Nov. 30.—The present election campaign is one of amazing changes. Lord Lansdowne's unexpected presentation of a scheme for the reform of the House of Lords has been surpassed in suddenness by Mr. Balfour's throwing over tariff reform as an issue of the elections. Lord Rosebery, in a speech today, at Manchester, said:

"The House of Lords as ceased to exist; it has surrendered its powers to the nation. This is a fact of enormous importance." He admitted that it was death bed repentence, but he contended that death bed repentence, if sincere, was valid and valuable.

Mr. Balfour's adoption of the referendum is generally attributed to pressure from an influential section of unionist free traders, led by Lord Cromer, although it is acclaimed by the bulk of the Unionist party, once their surprise was over, as a masterstroke of skilful electioneering. The opposition leaders' change of tactics took the older conservatives completely aback and caused consternation among the ardent protectionists.

The liberals characterize his attitude as adroit slipperiness and opportunism.

The Liberal leaders, who were surprised equally as much as the conservatives have not yet had time to adjust themselves to the changed conditions.

David Lloyd-George, chancellor of the exchequer, speaking at Llandrindod Wells tonight reiterated that the cost of a referendum would be sixteen million. It was a mere device he said to put a more effective weapon in the hands of the wealthy classes. The Liberals would have none of it.

Augustine Birrell, chief secretary for Ireland, speaking at Bristol, said that Mr. Balfour's proposal of the referendum was delusive, dangerous and unworkable, and calculated to destroy free representative government.

The home secretary, Mr. Churchill, addressed two meetings at Sheffield tonight. He said that no day passed without some story leader overthrowing some ancient principle of the Tory party. Nothing was more astonishing in this wonderful election than the panic which had overtaken that once proud and powerful party.

Mr. Churchill was again subjected to suffragist disturbances, several unruly persons being ejected from the hall. The flood of election oratory is unabated, but it consist mainly of a repetition of well worn arguments.

The Ulster movement is growing apace throughout the province. The Ulstermen have taken a strong stand against home rule and the offers of subscriptions to a fund which is to be devoted to the purposes of organizing a regiment and purchasing arms have risen from $50,000 to $120,000 in the past two days.

REV. H. M. WHITE PASSES.

Well Known Virginia Presbyterian Divine—Son at Raleigh.

Roanoke, Va., Nov. 30.—The Rev. H. M. White, a well known Presbyterian divine, who had filled pulpits at Roanoke and Kernstown, Virginia, died today at Winchester, Va., of pneumonia, aged 77 years. He was a chaplain in the Confederate Army. One son, the Rev. W. McD. White iss pastor of the First Presbyterian Church, at Raleigh, N. C. Another son, the Rev. Hugh W. White, is a Presbyter an missionary to China. His father, the Rev. W. S. White, a noted Presbyterian preacher, was Stonewall Jackson's pastor at Lexington, Va.

Atlanta, Ga., Nov. 30.—Announcement was made here today of the open golf tournament for the championship of the South to be played on the links of the Atlanta Athletic Club at East Lake, December 8, 9 and 10. Among the well known players expected to attend are Freddie McLeod. Ellis Knowles, Bob Edrington, James and Stewart Maiden and Fred Hutchenson. Cash prizes and plate will be hung up.

GOVERNORS TALK ON LIVE SUBJECT

Denounce and Uphold New Nationalism So Far As It Affects Resources.

THEORY ORIGINATED IN EAST

Next Conference Will Meet at Spring Lake, N. J.—Second Day Given Over Largely to Pleasure. Other Features.

Louisville, Ky., Nov. 30.—New Nationalism insofar as it affects conservation of natural resources, was denounced by executives of three States and upheld by Governor Noel, of Mississippi, at the Conference of Governors here today. Governor Norris, of Montana, started the denunciation when he said the "theory of the Nationalists was originated in the East, where natural resources had been wasted, so Easterners could reap benefits of what the West still had."

Aside from a comparatively brief session in the late afternoon and an executive session tonight, the second day of the conference was given over to accepting more of Kentucky's hospitality. It was decided that the next conference will be held at Spring Lake, N. J., the first Tuesday in September, 1911.

After Governor Norris, at the afternoon session had stated that the ideas of the Federal government reaping benefits of the West's natural resources was a selfish one on the part of Easterners and that the State could best care for themselves in this respect. Governor Shafroth, of Colorado, gave his version of new Nationalism. He declared that monopolies could be controlled easier by State Legislatures than by Congress and that New Nationalism and the idea of greater centralization of power was advocated for political reasons and not for better jurisdiction.

Governor Sloan, of Arizona, declared the States could best and should control water rights and public lands, although he said the recently completed irrigation work done by the government in his territory was beneficial.

When these State's rights ideas had been expressed Governor Noel, of Mississippi, spoke in no uncertain terms in behalf of the Federal control of resources. He based his ideas, he said, on the fact that the Union was one great family and that one should help the other. This idea was actuated by the fact that Mississippi once had wealth in natural resources, but that by mismanagement by State officials the commonwealth now gained nothing from its extensive forests.

This brought a warm retort from Governor Norris, who said because Mississippi had mismanaged her affairs was no reason why the people of that State should try to put the control of the natural resources of the West in the hands of the Federal government.

DIAZ TAKES OATH TODAY.

Inauguration Will be Quiet on Account of Revolution.

Mexico City, Nov. 30.—With simple ceremonies General Diaz will take the oath of office as President of the Republic of Mexico for the eighth time tomorrow. In view of the disturbances through which the country has recently passed, the inauguration will not be marked by the season of fiest as which has accompanied it in former years, but will be conducted with the same formal dignity and impressiveness.

The ceremonies will occur at 10 o'clock tomorrow morning in the temporary Hall of Congress.

Only the diplomatic corps and a few other distinguished personages in addition to the high Mexican government officials will attend.

Following the introduction of President Diaz, the oath will be administered to Ramond Correl, re-elected to the vice presidency.

The President and Vice President will then proceed to the National palace where they will receive the congratulations of diplomatic, government officials and private delegations.

Torreon Mexico, Nov. 30.—Official celebration of the inauguration of President Diaz and Vice President Corrall will be held at the Municipal Palace here tomorrow. No further disturbances are expected, but the authorities are exercising the great vigilance to guard against any surprise. The roads leading into Torreon are guarded. Gomez Palacio said that ample preparations had been made to stop any demonstration.

With tomorrow safely passed a feeling of relief will be experienced, however, in this vicinity, inasmuch as that day marks the final date of the period designated by Madero in his proclamation for popular uprisings.

Waynesboro, Ga., Nov. 30.—Master Tom, owned by H. R. Edwards and handled by G. T. Dozier, was winner of the first money in the all-age stake of the Continental Field Club trials today. His purse was $250. Paul Verdayne owned by Frank Reilly, of Philadelphia, was second money, $175. Merlines Kings Rod owned by Fred Booker, Nashville, Tenn., won third money, $100.

TO MEMORY OF MARK TWAIN

Notable Gathering at Carnegie Hall.—Cannon, Clark, Watterson, Morgan and VanDyke Pay Him Tribute.—Features.

New York, Nov. 30.—The intellect, the power and the wealth of the land gathered at Carnegie Hall tonight to pay tribute to the memory of Mark Twain, whom the world loved because he made them laugh.

William Dean Howells presided. Uncle Joe Cannon, the Speaker of the House of Representatives, that is, and Champ Clark, the speaker that may be, spoke from the same platform.

Dr. Henry VanDyke, of Princeton, Henry Watterson, George W. Cable, Booth Tarkington, J. Pierpont Morgan, John Luther Long and many others were among those invited. The meeting was held under the auspices of the Academy of Arts, and Letters.

Representative Champ Clark, of Missouri, spoke of Twain as a lobbyist as follows:

"The way I came to know Mark Twain personally is that three or four years ago he visited Wasnington as a lobbyist. Let not the prudish and squeamish shudder at the term, for Mark Twain was not only a lobbyist, but a very prince of lobbyists. He did honor not only to the lobbyist, but also to those with whom he lobbied.

"The subject matter of his lobbying was improvement in the copywright laws, which were sadly in need of improvement. It was a subject near his heart. He was intensely in earnest—persistent, enthusiastic, optimistic. Mr. Speaker Cannon gracefully and graciously turned over one of his rooms to Mark Twain and in he held his court, somewhat, it must be confessed to the demoralization of Congress, for so long as he remained in the capitol it was almost impossible to maintain a quorum in the House, so eager were members to look into his face, shake his hand, form his acquaintaince and listen to his conversation. All men and all women and even little children in the street vie with each other to do him honor.

"The great hearted Missourian enjoyed it to the limit. He talked with perfect abandon on a multitude of subjects, and all the while he lobbied,—lobbied skillfully—lobbied in a delightful manner—lobbied with side-splitting yarns—lobbied with philosophical remarks—lobbied with wealth of reminence—lobbied with fetching argument for justice—and accomplished the substance of what he sought—a rich benefaction to American authors.

Speaker Cannon said he knew Mark Twain personally, and he described how Clemmens came to Washington in the interest of the copywright.

"Finally," said Uncle Joe, "he tried to persuade me to allow him to lobby on the very floor of Congress and wrote me a letter and brought it to me in the Speaker's room."

As read by Mr. Cannon, the letter ran: "'Dear Uncle Joseph: Please get me the thanks of Congress, not next week, but right away. It is very necessary. Do accomplish this at once, by persuasion if you can, by violence if you must, for it is absolutely necessary that I get on the floor for two or three hours and talk to the Congressmen, man by man. I have arguments with me. Also a barrel with liquid in it. I have stayed away from Congress and let it alone for 71 years and I am entitled to its thanks. Congress knows this well, and it never has publicly acknowledged its appreciation. Send me a reply at once with an order on the sergeant at arms.

"'With love and benediction,

"'MARK TWAIN.'"

Mr. Cannon added with a smile that he sent his messenger to summon the Congressmen to the Speaker's room, and helped Mark Twain to lobby.

"In less than five minutes," he added, "when the congressmen knew who wanted to see them, there wasn't a quorum left in the House."

FATE OF PENSACOLA YOUTH.

Found Mutilated Remains on Railroad Track—Gruesome Sight.

Pensacola, Fla., Nov. 30.—A couple of eye-balls which were picked up today along with bits of the remains of a tramp, who was killed by a Louisville & Nashville Railroad train, were partially identified as the brown orbs of a Pensacola youth, who left his home not many weeks ago to see the world. The mutilated parts of the human form were brought to Pensacola from the scene of the accident nine miles north of here and several persons declared they recognized in the strayed optics the boy who recently ran away. A corroborative similarity was found also in the hair picked up at the scene.

LOUISIANA ASSEMBLY.

Asks Candidates for Senate for Views on Tariff and Exposition.

Baton Rouge, La., Nov. 30.—A concurrent resolution was adopted by the Senate and House inviting the candidates for United States Senator to succeed the late Senator McEnery, to address the Louisiana General Assembly Monday, giving their views on the tariff and the proposed Panama Exposition.

In a statement issued today, Judge Thornton announces that, if elected, he will vote for the protection of Louisiana's three great industries—sugar, rice and lumber—and added that he would do anything possible to further protective legislation for the cotton producers.

N. C. CONFERENCE BEGINS SESSIONS

Seventy-fourth Annual Gathering of Important State Religious Body.

BISHOP HENDRIX PRESIDING

Organization Completed—Bishop Strange Speaks—Standing Committees Named—Anniversary Exercises.

(By Miss Mamie Bays.)

Elizabeth City, N. C., Nov. 30.—Promptly at 9:30 o'clock this morning Bishop Eugene R. Hendrix called the North Carolina Conference of the Methodist Episcopal Church South to order in the 74th annual session.

Bishop Hendrix conducted the opening devotional service, the subject being Judas Iscariot, the first in a series of devotional services on "shrunken ideals." The scripture lesson was part of the 13th chapter of the Gospel of John. The sacrament of the Lord's Supper was then observed in keeping with the custom of conference on the first day. Bishop Hendrix conducted the service, giving the elements first to the presiding elders, then to the superannuated and supernumerary preachers, next to the undergraduates, then the preachers of the third and fourth year, next the preachers' wives, then the laymen and other preachers and visitors. The service was very impressive.

Rev. W. L. Cuninggim, secretary of the last session of conference, called the roll, a large per cent. of the members answering to their names. On motion, W. L. Cuninggim was re-elected secretary to serve for the nineteenth session successively; N. H. D. Wilson, assistant; G. T. Simmons, recording secretary. On motion of J. B. Bundy the hours of conference were fixed at from 9:30 to 1 P. M.

No bar was fixed. On motion of M. C. Thomas the name of Bishop J. C. Kilgo was placed at the head of the conference roll. A telegram of greeting from Bishop Kilgo was received and read. The secretary was instructed to send a suitable reply to Huntsville, Ala., where Bishop Kilgo is now presiding over the conference.

The call of the 20th question began: "Are all the preachers blameless in their life and official administration." The characters of preacher sustaining superannuated and supernumerary relation passed and those pesent spoke to the conference.

Rev. A. D. Betts, one of the superannuated, remarked that this was the 58th session of conference he had attended in succession.

Dr. W. P Few, president of Trinity College, was introduced and addressed the conference on the subject of character building as the highest aim of true education. He was heard with great interest. Bishop Robert Strange, of the Protestant Episcopal Church, was introduced and expressed pleasure at speaking to the great Methodist Conference. He commended the work of John Wesley and the Methodist circuit rider, also the Missionary spirit in the entire church. He said the Episcopal church learns much from its daughter, the Methodist church, and the daughter learns much from its mother. He spoke also of the oneness of purpose among all denominations to bring the world to Jesus Christ.

Bishop Hendrix, who is president of the Federation of Church Councils responded to Bishop Strange most cordially.

Revs. T. N. Ivey, L. L. Nash and W. B. North were appointed to nominate delegates to the Federation of Church Councils at its next meeting. The report from the Board of Publication of the North Carolina Christian Advocate as adopted by the Western North Carolina conference was read. It relates to the appointments of a commission in each conference to confer concerning the advisability of the consolidation of the North Carolina Christian Advocate and the Raleigh Christian Advocate. On motion of Rev. R. B. John the report was referred to the committee on books and periodicals. Standing committees were appointed as follows:

Books and Periodicals—Clerical: M. Bradshaw, H. M. Jackson, T. J. Dailey, J. B. Hurley, R. W. Bailey, H. A. Humble, S. E. Mercer, M. T. Pfler, Y. E. Wright. Lay; O. R. Hinton, J. J. Ferrabee, Dr. J. H. Judd, J. A. Edwards, Jr., F. B. McKinnon, R. T. Poole, Dr. M. Bolton, T. J. Jarvis, B. C. Moore.

Memoirs—All clerical; J. D. Bundy, F. A. Bishop, F. D. Pegram, W. W. Rose

Communications were referred to committees. Rev. A. D. Betts pronounced the benediction. The conference adjourned at 1 o'clock.

No afternoon session was held, the time being occupied by committee meetings. This evening, Rev. M. Bradshaw, of Durham, preached the annual sermon to the conference, the remaining evenings to be devoted to anniversaries of conference boards. Several connectional secretaries are expected to address the conference upon these occasions.

The anniversary of the Sunday School board will be held tomorrow evening.

NEW TURN IN LeBLANC CASE.

Mrs. Clover May be Accusted of Murder of Husband.

Cambridge, Mass., November 30.—Two decisions in favor of the defense in the trial of Hattie LeBlanc, charged with the murder of Clarence F. Glover, and the accusation by the defendant's counsel that Mrs. Lillian M. Glover, the widow, ha the motive, inclination and opportunity to shoot her husband, were the developments in the case today.

District Attorney Higgins fought hard to get before the jury Glover's dying declaration that Hattie LeBlanc had shot him. Judge Bond overruled him. however, saying, after hearing a dozen witnesses yesterday and two today, the evidence did not show that Glover knew his end was near. The district attorney told the court the "dying declaration" was one of the essential props of the government's case and that only circumstantial evidence remained.

The prosecution had not gone far in its evidence when it found that the defense on cross examination of a witness was seeking to turn the attack to Mrs. Glover. The district attorney protested strongly but Melvin M. Johnson, the leading counsel for the defense, declared that he purposed to show Mrs. Glover "had the motive, the inclination, the mental and physical capacity and the opportunity to murder her husband."

"I expect to prove this," said Mr. Johnson, "by the acts and declarations of this woman before and after her husband's murder. I desire to show that she was a vampire and I use the word advisedly."

Judge Bond decided to repeat his method of weighing the evidence before allowing it to be submitted to the jury. This evidence was given by Dr. N. W. Cousens, who owns the private nospital to which Glover staggered after he was shot. Dr. Cousens told of calling Mrs. Glover by telephone, of her coming to the hospital, of her refusal to see her husband and of her going away with the request that she be notified in case of Glover's death. Later there came an inquiry by telephone as to Glover's condition and whether he had implicated his wife in the snooting.

Judge Bond then decided that the jury might hear the evidence against Mrs. Glover, and the twelve men filed in.

Dr. Cousens repeated his testimony under cross-examination by Mr. Johnson. The prosecution then called Mrs. Glover.

She told of her discovery of the alleged relations between her husband and the defendant. She explained her failure to see her husband at the hospital by saying that she was faint and was told that he was about to be operated upon. Although officers searched her house twice and she searched it once, it was not until three days after the alleged murder that Hattie LeBlanc was found hiding under a bed in one of the rooms. How she came there the witness did not know. She identified jewelry found near the laundry as belonging to Hattie LeBlanc, as well as a handkerchief found in the laundry.

She said her husband had a number of firearms in the house and usually carried a revolver. She identified the weapon which the prosecution claims was used. She said she had owned the laundry for thirteen years and bought it with her own money.

Her direct examination had been concluded when court adjourned.

MAKE LIFE WORTH LIVING.

Says Elder Cunningham.

When pure healthy blood courses through every vein and artery of the body, the organs are in a healthy condition, and a strenuous active life is a pleasure to man or woman.

But if the blood is impure and sluggish, the appetite poor, digestion weak and vitality not up to the standard, life is a burden; then you need Vinol, our delicious cod liver and iron tonic, without oil. Such evidence as comes from Henry Cunningham, elder of the Baptist church, Kinston, N. C., should be convincing. He says: "I was run-down and weak from general debility, and suffered from virtigo. I took Vinol with the most gratifying results. I gained in health and strength and now feel unusually well."

Lider Cunningham's recovery was due to the combined action of the medicinal elements of cod's livers, aided by the blood making and strength creating properties of tonic iron contained in Vinol.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Robert R. Bellamy, Druggist, Wilmington, N. C.

STANDARD OIL SUIT.

Hearing in Raleigh.—Important Case This Morning.

Raleigh, N. C., Nov. 30.—Much interest centers in the hearing before Police Justice Stronach in the city court tomorrow in which the Standard Oil Co., is to be the defendant in a case charging the great oil concern with the violation of the North Carolina Anti-Trust Law in undertaking to stamp out competition in Raleigh. The suit is instituted by City Attorney Walter Clark, Jr., at the instance of Attorney General T. W. Bickett, who had the city attorney instead of the solicitor of the district to institute the suit because the city court of Raleigh has by special act exclusive jurisdiction.

The facts alleged against the Standard Oil Co., are that prior to last January, the Standard was selling oil in Raleigh at 11 1-2 cents; that early in the present year The Indian Oil Co., procured license to do business in North Carolina and established tanks in Raleigh; that at that time the Standard's oil was being sold at the same price in al. the surrounding territory; that a little later The Standard began cutting the price until now it is down to 7 3-4 cents in Raleigh while in surrounding towns it has only been reduced to 9 1-2 cents. The allegation is that these cut are purely with a view to preventing the Indian Oil Co., from getting a business footing, the latter never having cut below the Standard Oil prices. The prosecution at the instance of the attorney general denies the explanation by The Standard that the great increase in the use of gasoline has cut down the demand for kerosene thereby cheapening it. On the other hand it is the allegation that the real motive of the Standard in this war in prices is to destroy The Indian Co., and thereafter fix higher prices without competition in violation of sub-section B, of the anti-trust law. Also the charge is that sub-sections (c) and (d) are being violated through cutting prices to drive out competition as a preliminary to maintaining higher prices when freed from the competition.

This suit has been impending for some time as the evident rate war on oil prices by the Standard developed. City Attorney Clark complains that he was seriously hampered in his preparation of the case by the defect in the law that makes no provision for expenses of the prosecution attorney in the preparation of such difficult uits and also no provision for legal assistance. It is probable that Attorney General Bickett will appear with City Attorney Clark in the hearing tomorrow.

GRAHAM-WHITE BACK HOME.

Aviator Sailed for Europe.—Talks of Future of Aviation.

New York, Nov. 30.—Claude Grahame-White sailed for England today and with him went the Gordon-Bennett International Speed trophy, which he lifted from the keeping of America, at the recent international meet at Belmont Park. He gave a summary of the trend of aviation in general, and its development in this country in particular.

"It's when we get a speed of 150 to 200 miles an hour that the fun will begin," he said. "People are not going to adopt flying as a practical means of travel until it has been made faster than other modes of transit now in existence. It will be perfectly possible for passengers to endure any speed because they will be encased in an air-tight chamber, just as they are in a vestibuled train.

"America isn't so much interested in aviation as Europe. There is no continuous interest here. The people go to the big meets just as they would go to acrobatic exhibitions and forget that there is such a thing as the science of aviation."

Grahame-White thinks that with the aeroplane's future development it will make battleships useless, open the secrets of all fortifications, no matter how cleverly masked and put an end to war. The possibilities of war in the air, he believes, are too horrible for civilation to contemplate.

"But the peaceful possibilities," continued the enthusiast, "are endless. I see no reason why we should not establish trans-Atlantic air lines. We need only two things: Safety and speed, and speed in itself bring stability. Brief study of the records for this year justifies one in almost any stretch of belief as to what the future may bring."

BELIEVE LODGE IS IN DANGER.

His Opponents Predict That He Will Withdraw from the Race.

Wasnington, Nov. 30.—Massachusetts politicians arriving here believe Senator Lodge will risk defeat for re-election if he remains in the contest. His withdrawal from the race would develop many candidates, with Representative John W. Weeks as probably the strongest rival for his seat. Friends as well as opponents of Mr. Lodge characterize the situation as delicate for Lodge.

One of the keenest politicians in the Massachusetts delegation said this evening: "It is a question of how many Republicans will go into a caucus on the Senatorship. Nobody knows that now. The Republicans have a majority of only 27 on a joint ballot, of whom 7 are understood to be Ames men. Unless there are enough willing to go into a caucus for Lodge to bind the rest of the party, it looks as though there will be hardly enough in caucus to act, if Lodge remains in the race."

GREEK PRIESTS PROTEST.

Forty-Nine Received in Audience by Archbisshop Septiczky.

Philadelphia, Nov. 30.—Forty-nine Greek Catholic Priests from various places in the Eastern part of the country were received in audience here today by Count Andrew Septiczky, metropolitian archbishop of Lomberg, Austrian, and laid before him charges of alleged favoritism and partiality in the treatment of Hungarian Greek Catholic clergy, which they have preferred against Bishop Soter S. Ortynski, head of the Greek Catholic clergy in the United States, whose headquarters are in Philadelphia. Archbishop Septiczky came to this country several months ago as a delegate to the Roman Catholic Euchristic Congress in Montreal and while in America decided to receive the Greek priests in audience.

The source of the trouble between Ortynski is said to be the fact of the 500,000 Greek Catholics in the United States 400,000 are Hungarians and the remainder Galicians. The head of this body, however, consisting of such a majority of Hungarians, is Bishop Ortynski, a Galician. Although under the same ruler Francis Joseph, Emporor of Austria and King of Hungary, the Hungarians and Galicians are at wide variance in their political, social and national ideas. It was alleged therefore at the audience today that this national prejudice has so influenced Bishop Ortynski that he had without any cause removed Hungarian priests from their parishes and placed Galicians in charge, thus breaking the parishes into factions.

In addition it was alleged that Bishop Ortyski had influenced the church in Rome, under whose guardianship the Hungarian and Galician Greek Catholics stand, to recall to their native country a great number of Hungarian priests. Archbishop Septiczky listened attentively and his decision is expected later.

The archbishop it is said, was directed by the Pope to look into the situation.

The Hungarian priests say that the bishop should be transferred to Canada, where there are many thousands of Galician Greek Catholics and that a bishop be appointed for the United States, who undertands better the ituation in this country.

FAVORABLE FOR GLASS.

California Supreme Court Reverses Order of Lower Court.

San Francisco, Nov. 30.—The State Supreme Court handed down a decision today reversing the judgment and order of the trial court on the case of Louis Glass, former president and general manager of the Pacific States Telephone & Telegraph Company convicted of having bribed a member of the Schmitz board of supervisors.

Louis Glass was indicted by a grand jury during the Schmitz-Ruef regime on a charge of having bribed the board of supervisors to refuse to grant a franchise to the Home Telephone Company. He was convicted on September 4, 1907, and sentenced to five years imprisonment.

On April 4, 1909, the judgment of the lower court was reversed by the District Court of Appeals on the ground that Judge Lawler had refused to give certain vital instructions to the trial judge. The Supreme Court granted a re-hearing on June 12, 1909, and today's decision sustained the appellate tribunal and reversed judgment of the trial court, thereby giving Glass a new trial.

SIX YEARS SENTENCE.

Negro Who Broke Into Rocky Mount Store—Live Stock Fanciers.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 30.—Dock Williams, the negro charged with being one of the three who broke into the Blount Co., store here, has been sentenced by Judge Peebles holding Superior Court at Nashville to six years on the roads, sentence having been passed within 26 hours of the time he was captured in Goldsboro. The case against Molly Robertson, colored, charged with receiving a part of the stolen goods, has been continued upon a physician's certificate that the woman is not able now to stand trial.

A meeting is called for the Rickss Hotel tomorrow night to take into consideration of a live stock and poultry association. A poultry association has been in existence here for ssome years and has just closed a successful poultry how, but the organization now planned will have a wider field.

ESTIMATES FOR NAVY.

Amounts to Over $126,000,000—Statement of Secretary Meyer.

Washington, Nov. 30.—The total estimates of the United States Navy for the fiscal year 1911-1912 to be submitted to Congress as a basis for the appropriation for that year, amount to $126,046,569,24, which is $5 000,000 less than the same appropriated in the naval bill for the current fiscal year.

This statement was made by Secretary of Navy Meyer today, coupled with the announcement that the figures mentioned include the estimates for the first year's expenses to be incurred in the construction of the new vessels contemplated by the Navy Department's building programme.

The new ships proposed in the Department's building scheme and included in the estimates are:

Two battleships, one collier, one gunboat, one river gunboat, two sesa-going tugs, two ssubmarines, and one submarine tender.

A UNION OF METHODISM.

Will be Considered at Meeting of the Joint Commission.

Baltimore, Nov. 30.—Measures that are regarded by persons well informed on the subject, as leading ultimately to organic union of the three great branches of American Methodism will be considered at a meeting here of the joint commission on federation, composed of delegates from the Methodist Episcopal Church, Methodist Episcopal Church, South, and the Methodist Protestant Church. The sessions began today and will continue until tomorrow evening.

The immediate object of the commission is to bring about a federation of the three bodies so as to eliminate destructive competition, both at home and in the mission fields abroad.

It developed that the several general conferences had given their representatives widely different powers in connection with the present meeting. Those representing the Methodist Episcopal church are authorized merely to confer with the members of the other commissions regarding either a closer federation or organic union; those representing the Methodist Episcopal Church, South, are instructed to seek closer relations with the other branches of Methodism with a view to eliminating competition at home and abroad, while the commissioners of the Methodist Protestant church have authority to promote and complete, on behalf of their denomination, union with the two other branches of the church. Bishop Earl Cranston, of the Methodist Episcopal Church, in accepting the chairmanship of the meeting, expressed regret that the other claimers had not been given as broad powers as those of the Methodist Protestant Church.

FEVER AT ALEXANDRIA.

The Episcopal High School May be Closed Because of It.

Richmond, Va., Nov. 30.—Probably never before has the State Health Department been so confronted with the peculiar conditions now existing at three educational institutions simultaneously. Following the closing of Virginia Military Institute on account of a pink-eye epidemic and typhoid fever, and that of Washington and Lee on account of typhoid fever, the Episcopal High School at Alexandria now threatens to be closed on account of scarlet fever, as several cases have developed there.

The State Department has two men at Lexington studying conditions to locate the cause of the fever there; another is on the road and Chief Health Officer Dr. Ennion G. Williams, is keeping in touch with the situation there as best he can.

FOR KINSTON CONVENTION.

Two Officials of Marine Hospital Service to Attend.

Washington, Nov. 30.—Two officials of the United States Public Health and Marine Hospital Service have been detailed by Surgeon General Wyman to represent the service at the Seaboard Medical Association Convention in Kinston, N. C., December 6th to 8th. They are Surgeon C. P. Wertenbaker and Passed Assistant Surgeon C. H. Lavinder. The latter is instructed to make an inspection of the bacteriotherapeutic laboratory in Asheville in connection with his convention duty.

People Who Work Indoors With Their Hands

Seamstresses, watch-makers, artists, draughtsmen, and many others, cannot properly handle their tools with cold, stiff hands. Many a lost hour or two on cold winter mornings results from the delayed heat of furnace or stove.

The Perfection Oil Heater in a few minutes gives the temperature that assures the worker warm hands and pliable muscles. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has **automatic-locking flame spreader** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount of oil in the font. The filler-cap does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain, and cannot get lost.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for rewicking. The Perfection is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

AFFAIRS IN COLUMBUS

Negro Doctor Discharged—Wheat Being Sown—Big Life Insurance Carried—Marriage in the Country—Other News.

(Special Star Correspondence.)

Whiteville, N. C., Nov. 30.—Most of the time of court this week has been consumed in the trial of a case against M. B. Bowen, a well known colored doctor of Wilmington. There were two cases against the ebony-hued disciple of Esculapius, one for practicing abortion on a colored girl across the Marsh in this county, and the other for assaulting a darkey named S. C. Spalding with a deadly weapon. From the evidence it seems that Bowen was called in to treat a patient, who was the sweetheart of said Spalding. The girl seemed to favor the Wilmington doctor and more than her country suitor, and this resulted in bad blood. It seems that news came to Bowen's ears that Spalding had been talking about him, and so meeting him he gave said Spalding a pretty severe beating, out nothing very serious. The result was that two warrants were sworn out against Bowen, one charging him with practicing abortion and the other for assault with a deadly weapon. The former case was continued, but the latter was tried. Considerable evidence was produced pro and con, and able lawyers employed. The jury, composed of some of the best men in our county, returned a verdict of guilty against the Wilmington doctor, but for some reason doubtless satisfactory to himself Judge Allen set the verdict aside. This case had created considerable interest in our county, as the Spaldings are a large colored family, well-to-do and have always conducted themselves so as to retain the friendship of the whites.

Farmers in town this week say a great deal of wheat is being sowed in Columbus county. This is a new crop, but last season there was an average yield of over twenty bushels per acre made on patches planted, and it encouraged farmers to greatly increase their acreage.

While on his way to church last Sunday, the mule of Mr. B. P. Gurganus, a successful farmer near Lebanon, took fright at a bicycle and running away threw Miss Narcie Gurganus and Mrs. Callie Watson from the vehicle, badly injuring the former.

The historic old church of Lebanon will be demolished before new year and work started on a handsome new edifice. Some of the members object to having the old building torn down. A new Methodist church will be built in Bug Hill township.

The late S. C. Gore, who was killed by falling from a chimney he was building at Mollie, in this county, besides the $14,000 his heirs received from the company represented by Mr. W. E. MacDaniel, carried $4,000 on his life in other companies, all of which policies have been paid. It is not often that a small farmer carries such heavy life insurance.

One of the prettest weddings of the season was solemnized on Wednesday last at the home of the bride's father, Mr. S. B. King, of Armour, when his daughter, Miss Mary Emma, and Mr. J. D. Burney were married, Rev. L. E. Sawyer officiating. The parlors of the home were beautifully decorated with Southern smilax, palms and ferns. The bride is a great social favorite, having many friends in Wilmington, and the groom an enterprising young business man of Clarkton. A large number of useful and handsome presents were received. The young couple will make Clarkton their future home.

Mr. E. C. Wooten, a leading farmer near Clarkton, was in town today with a badly bitten hand, to have it treated. Mr. Wooten was out fox hunting Thanksgiving Day, when his favorite dog, in jumping over a log, was caught in a steel trap that some hunter had set. In extricating the animal the dog bit its master on the hand. Mr. Wooten says he has no fear of hydrophobia, as the dog is sound and healthy, but objected to the pain it suffered when taken from the trap. Mr. Wooten says they are organizing a great fox hunt for the holidays, and last Christmas they caught twenty foxes among his party. He says fox are as thick now as old field rabbits.

Mr. McDonald Todd, a progressive farmer near Clarendon, died of typhoid fever, leaving a wife but no children. He stood high in the community and his death is greatly deplored. Mr. G. W. Carterette, a farmer near Clarendon, woke up one morning recently and found his six-months' old baby dead in the bed beside him. The child was well when he retired.

A little son of Mr. Will Nance, attending Braswell school, mounted the teacher's horse to ride it to water when the animal threw the boy, breaking his arm.

COL. W. T. JONES DEAD.

President of Buggy Manufacturing Enterprise at Carthage.

(Fayetteville Observer, 30th.)

Col. W. T. Jones, president of the Tyson & Jones Buggy Company, of Carthage, died yesterday after a gradual decline for the past three years. He continued to go to his office until about the 15th of October. Mr. Jones was born in Elizabethtown, Bladen county, April 8th, 1833, being in his 77th year. In 1857 he went to Carthage to accept a position with the firm of Tyson & Kelly, who were engaged in the manufacturing of buggies and carriages, and in 1859 he was admitted as a partner in the business, with complete control of the management, and under his leadership the business grew into large proportions. In 1889 the business was incorporated as the Tyson & Jones Buggy Company, and he was elected president, which position he held until his death.

He served in the Confederate army throughout the Civil War, this being the only interruption of the business for more than half a century.

In 1887, he was married to Miss Florence Dockery, a daughter of Col Oliver H. Dockery, who survives him.

BIG DAMAGE SUIT.

Administrator of Late Engineer Boney Asks $40,0000 in Duplin.

(Special Star Corerspondence.)

Kenansville, N. C., Nov. 30.—The case of E. Boney, Admr. against the A. C. L. Railroad Co., was called for trial here this morning at 9:30 o'clock. This is the biggest suit ever tried in Duplin county. The action is for recovery of damages for the death of Engineer George Boney of Wallace, N. C., who was killed in a wreck at South Rocky Mount, Nov. 6th, 1907. The plaintiff alleges negligence in leaving a switch open and asks for $40,000 damages. Defendant alleges fast running as a defense. The jury was obtained out of the regular panel in 15 minutes and plaintiff rested his case by 11:30 o'clock. Many leading railroad men are here from Rocky Mount and elsewhere. The plaintiff is represented by H. McClammy, George Rountree and J. O. Carr, Esqs., of Wilmington, and the defendant by Junius Davis, H. L. Stevens and L. A. Beasley.

AVIATION AT GOLDSBORO.

Machine Failed to Arrive Yesterday.—Thursday, Friday, Saturday.

(Special Star Telegram.)

Goldsboro, N. C., Nov. 30.—Hundreds of out-of-town visitors came to this city on the noon trains today to witness the flights of the aviators who were scheduled to make a flight in this city this afternoon but the special express car bringing the flying machine to this city missed connection in Washington, D. C., delaying its arrival here until tonight, when it will arrive from Richmond where same was located this afternoon. Flights will be made Thursday, Friday and Saturday between the hours of 1 to 3 o'clock. A representative delegation arrived in this city this afternoon from Live Oak, Fla., to see the bird men fly tomorrow, with a view of engaging them for a like aviation meet for that town.

New York, Nov. 30.—Alfred DeOro broke his own world's record here tonight, of 79 balls for a continuous run at pool, in winning the world's championship from Jerome Keogh. He ran five straight frames and a part of the sixth for a total tally of 81 successive balls.

W. W. AUTRY DEAD.

Passed Away at His Home at Stedman Yesterday.

(Fayetteville Observer, 30th.)

Mr. W. W. Autry died at his home near Stedman at 2 o'clock this morning. He would have been seventy years of age on December 12th.

The funeral will take place tomorrow morning at 11 o'clock, at the old Gainey graveyard, near South River. The deceased had many friends in Fayetteville and Cumberland county, who will learn of his death with sorrow.

On April 28, 1862, Mr. Autry enlisted in Company C, 54th North Carolina Regiment, and in 1863 lost a leg in battle which retired him from the service. He was Second Sergeant of his company, and was a gallant soldier.

On September 7th, 1874, he became Register of Deeds of Cumberland county, and held that office for two terms, until 1878, when he was succeeded by Mr. A. Campbell. He was deputy sheriff and jailor during Sheriff Geddies term of office.

DAVID'S

YOU'LL find that, in greatly increasing numbers, men of most critical taste in clothes, men who can afford the best of things to wear, are coming to see the real value and the economy of fine ready-made garments. Very few men have their shoes made to measure now-a-days; shoes ready-made are the almost universal rule. Once in a while a man with an abnormally large head has to have a hat made for him; but he's so rare as not to count.

It's the same way more and more in clothes; the advantages of having clothes made to measure are rather doubtful unless you have it done by some one of the few great masters of the art; and even these advantages are more than offset by the disadvantages of long delay, of uncertainty as to fit and general satisfaction. When a man can step into a store like ours, and try on, ready-made, such clothes as these of

Hart Schaffner & Marx

it's amazing to us that anybody ever thinks of buying any other clothes. Not only by comparison with made-to-order clothes, but compared with any other clothes ready-made, we cant see why any man should think of wearing any other.

There's certainly no question about style; Hart Schaffner & Marx are style creators; many custom tailors and many makers of clothes copy what they originate; you'll find The Style Book in many a tailoring establishment, used as a guide. As for quality of fabrics and excellence of tailoring, you dont get any better, no matter who makes your clothes; all-wool, always, in a market where there's so much cotton adulteration that even the custom tailor isn't always trustworthy on quality, Hart Schaffner & Marx have the best tailors in the world.

As for fit, there's the point most of you hesitate about; but it's the easiest of all. For if these clothes dont fit you, dont take them; and you're not out anything but a few minutes' time. But we can fit you, or any other man; better fit than you'll get anywhere else.

Come and let us show you these clothes; they're worth seeing.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C. under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

The mistake many girls make is to marry a molycoddle under the delusion that she can make him the right kind of soldier in "the battle of life."

If the minority doesn't behave itself when Congress meets, the Sergeant-at-Arms can turn it over to two or three pages so it can be surpressed without creating much disturbance.

Gradstreet's says there has been a decline of from 16 to 40 per cent. in meats, and that flour, sugar, pork and lard have fallen in price. However, these are wholesale prices and evidently the retailers haven't found it out.

Uncle Joe probably has humor enough left to prevent him from being a disinterested and disgruntled spectator of the funny things that are likely to happen when the Democratic Congress meets. Uncle Joe may be looking on the whole thing as a show.

The people at Charlotte who cannot "grasp the situation" brought about by that Duke deal, should be careful lest they get run over by interburban trolley cars. Otherwise articulating, they should keep their eyes skinned so they can see what is going to happen.

Don't pronounce aviator avy-a'-tor. Give both a's the sound of "A" in haste and put the accent on the first "A." Put the soft pedal on the "R" at the end of the word and don't roll it like some of our Northern friends, because that makes you put the wrong accent on aviator as well as a whole lot of other words, according to Webster's Unabridged Dictionary. When in doubt, consult Webster.

The rumor from Georgia that the Hon. Tom Watson's slanderous statements concerning Governor-elect Hoke Smith may be responsible for electing the Governor to the United States Senate. Tom ought to be able to realize by this time, that every time he gets to "cutting up," the people of Georgia are sure to inflict some new punishment on him for his foreign interference in their affairs.

The Mississippi deeper water advocates accused President Taft of showing partiality in behalf of improvement of the Ohio river. President Taft was born in Ohio, practically in sight of the Ohio river, and if he were not in favor of deepening the old swimming hole he would hardly be human. Another thing. People in the Ohio Valley country would go around saying "Willie Taft has forgot his raisin."

It is reported that "Col. Bryan has gone to his Texas ranch and will quietly spend the Winter there." That will be considered as a mere Texas prevarication. The Colonel may spend the Winter on his Texas ranch but even the Texas Rangers couldn't make him do it "quietly." Intimidation may make Col. Roosevelt remain quietly at Oyster Bay, but then his party is not going to have any Baltimore conference like that one which will disturb Col. Bryan's quietude.

WHAT WILL THE DEMOCRACY DO?

Quite a number of speculative articles are appearing in the Northern and Southern press upon the question, 'What will the Democracy do?" Of course, the reference is as to what legislation the Democratic Congress and legislatures will enact for the country. Something radical is expected by some, hoped for by others and predicted by still others, but we are pretty sure they will be disappointed.

The Democratic Congress, we are satisfied, will legislate for the good of all the people and every interest which has rights to be protected under the Constitution. The Democratic party is a stickler for the Constitution and it takes precedence over all platforms, so it is a safe prediction that a Democrtic Congress will be found adhering to it. The probability is that very few laws of a National character will be passed, except the few necessary for the good of all the people without refereenc to class. If the party profits from the wisdom of Governor-elect Woodrow Wilson, of New Jersey, we will have as few new laws as possible, and certaintly none to distract any interest in this country or retard its commercial, financial and agricultural progress. At Trenton, N. J., on Thursday of last week, Dr. Wilson delivered a speech in which he has attracted attention all over this country for the common sense view whica he takes of the political situation just at this time. The trend of his remarks and what is generally thought of it is thus expressed in the New York Times:

"Gov.-elect Woodrow Wilson, with his customary aptitude, put his finger exactly on one defect of our National character, in his address at Trenton Thursday, when he spoke of our "appetite for legislation." We are ever craving new laws. Against every real or fancied grievance the ordinary citizen looks for protection by some law. If there is not an effective one in existence he demands a new one. Our legislative sessions produce yearly thousands of proposed new laws in printed form. Too many of these are placed on the statute books. Too many of our laws are, inevitably, dead letters. A democracy needs few laws and good ones. Our appetites for legislation is a National malady, which education may cure in time. It will be the wonder of future ages that a republic established in protest against bad laws should form the habit of making so many futile, objectionable, and preposterous laws and cling to it. Let us try to conquer our appetite."

Dr. Wilson and the Times express about what the country will expect of the Democracy. If any legislation is needed to remedy actual evils we will be pretty apt to have it, but there will hardly be any legislation to add to the evils we already have. Instead of many more laws, the great need of the country is compliance with and enforcement of the laws we already have, and if they are enforced by officials with a proper sense of duty and not by demagogues the country will be pretty safe.

Dr. Wilson rather suddenly acquired a National reputation but in his campaign speeches and his post-election remarks and comments he is exhibiting a type of statesmanship which will be beneficial to the Democracy and promising for the Republic. We want the "constructive statesmanship" that will conserve more than it will construct.

SOUTHERN PROGRESS.

The South has made wonderful progress and certainly development on a marvellous scale is ahead of her. We want to keep up the pace, and if we know our States like we think we do, nothing of a political nature will occur to retard the great movement towards steady and undisturbed development of our immense resources.

The Legislatures of the several States will soon meet and their legislation, should be of a character to create confidence in our States. The South is conservative, and if any part of this Republic is for the square deal it is Dixie. South Carolina has set a pretty good pace and if the other States are not pretty close behind her they will do well to follow her example. That State is one of the most progressive States in the South and the secret is that the South Carolina Legislature has done nothing and undone nothing that would disturb the welfare and material progress of the State. We take it that South Carolina will keep up that clip, for in a recent interview in the New York Times, Governor-elect Cole L. Blease, in speaking of labor and capital and prospective legislation, said:

"I believe in the protection of labor, but without capital labor would be without a job. I am fully aware that by the passage of harsh laws those who have made money will be careful about investing it. It is certain they will not place it where they believe they will not be given equal protection under the law. I am a friend of the laboring element and propose to see that their interests are fully protected, but at the same time I believe firmly in labor people being the friend of capital and vice versa, for only under these circumstances can our country prosper. I don't believe in imposing on a corporation just because it is a corporation, and when people are kind enough to invest their money in South Carolina to help upbuild our various enterprises, I think that we should give them every honorable protection and see to it that their interests are safely guarded, and that they are not imposed upon from any source whatever."

Governor Blease expresses the principle which we think is characteristic of North Carolina as well as South Carolina and other Southern States as well. Equal protection under the law is all that the people and every possible interest will ask or can expect. In the maintenance of such a policy, South Carolina has become one of the foremost manufacturing States in the United States and her progress is attracting attention in every State of the Union. Millions of home capital and other millions of capital from abroad have been invested in the industrial upbuilding of that State and all classes of people are reaping the benefits and are equally interested in the continued development of the State's resources.

The conditions in South Carolina are what we should have in North Carolina, for we have in the Old North State a vast development to bring about and a great diversity of interests to protect and conserve. North Carolina and everybody in it will be safe under "equal protection under the law."

The fellow who has a battleship to back him when he wants to resist an officer in the discharge of his duty seems to have the whip hand.

Dr. Woods Hutchison ridicules aristocratic pretentions in America and throws off on "the poor quality of blue blood" in the veins of many people who are stuck on themselves. The Doctor shouldn't be going around offending about everybody simply because they get it into their heads that they are the whole cheese without any skippers in it. Pride of ancestry is a good thing for people. It uplifts them and the spirit to get to the top should be encouraged. Everybody is an aristocrat if he does not lie and steal, and is not ashamed to work for a living.

CURRENT COMMENT.

The stuff is always to be had in this town yet we put the thirsty to more inconvenience than they do in some places.—Durham Herald.

A young farmer in Union county raised this year one hundred and thirty-six bushels of shelled corn on one acre. In addition to this he also got seven bushels of rotten corn from the same acre, the result of a storm that blew some of the corn down before it had fully matured. There is corn in North Carolina soil if it is only dug out, and corn is the stuff to raise hogs and fatten them on. Back to hog and hominy.—Newbern Sun.

There is serious talk in and about Washington to the effect that President Taft is going to appoint Judge Alton B. Parker, of New York, to the supreme bench to fill the vacancy made by the retirement of Justice Moody. The country might as well make up its mind to it that if president does appoint Judge Parker a howl will go up from Sagamore Hill that will be heard from New York to San Francisco and, as the orators say, from "the lakes of the bleak north to the sunny savannahs of the south," and the language of it, we fear, will hardly be fit to print.—Chattanooga Times.

Urging for South Carolina a drainage law like North Carolina's The Charleston News and Courier observes that "twenty distinct drainage movements have been undertaken by our neighbor to the north of us while we have been sitting with folded hands." It is much to be hoped that South Carolina and Virginia, both of whom possess extensive swamp areas, will soon fall in line. A writer in the current Popular Mechanics discusses "the dream of those interested," to make the territory adjacent to New Orleans the corn belt of the United States. "Not only," he says, "will the farmers of the Middle and Western States realize soon that swamp reclamation is bringing forth a strong competitor, but when the facts are known they will look upon the Mississippi River and its northern confluents as great thieves; for the rich soil that covers the subsoil in the wet lands of Louisiana and Mississippi was stolen from the hills and plains of the States through which the rivers flow and deposited in the lower delta to mingle with the decayed vegetable matter of ages and create as rich a soil as exists in the world." Drainage will do great things for nearly every section of the South, including many areas other than actual swamps. The North Carolina plan, which ensures financial co-operation among landowners and pulls in any would-be obstructionist, has shown the way.—Charlotte Observer.

OLD AGE PENSIONS GRANTED.

To Former Steel Trust Employes.—$12,000,000 Now Available.

New York, Nov. 30.—Judge Elbert H. Gary announced today that beginning January 1, 1911, the United States Steel Corporation will pay three classes of old age pensions to those of its employes, who have served with either the parent company or its subsidiaries for 20 years or more. The income for these pensions will be divided from the United States Steel Corporation and the Carnegie Joint Fund, to which no employes contribute and the division into classes will be as follows:

First—Pensions by compulsory retirement, granted to employes, who have been twenty years or longer in the service and have reached the age of 70 years for men and 60 years for women.

Second—Pensions by retirement at request, granted to employes who have been 20 years or longer in the service and have reached the age of 60 years for men and 50 years for women.

Third—Pensions for permanent incapacity, granted to employes who have been twenty years or more in the service and have become permanently and totally incapacitated through no fault of their own.

No pension of more than $1,200 a year will be allowed and none of less than $12 a month. Between these extremes one per cent. of the regularly monthly pay received during the last ten years of service will be allowed for each year of total service. For instance: An employe who has been 25 years in the service and for the last ten years has received a regular monthly wage of $60 a monta, will receive a pension allowance of $15 a month.

The United States Steel Corporation has a pension fund of $8,000,000 and the Carnegie fund, established in 1910, by Andrew Carnegie amounts of $4,000,000 so that the joint principal available will be $12.000,000.

DAMAGING EVIDENCE.

At Trial of Joseph Wendling Charged With Church Murder.

Louisville, Ky., Nov. 30.—What the commonwealth considers among it more important testimony against Joseph Wendling on trial for the murder of eight-year-old Alma Keller, was given today by Father Schumann, pastor of St. Joan's Catholic church, and James M. Peyton, a meter reader. Father Schumann testified that on the day Alma Keliner disappeared he noticed an unpleasant odor coming from the furnace. He asked Wendling, who was janitor at the church; what caused the unusual smell and said Wendling replied he was "burning rags." Other witnesses testified to seeing the child in the church a few hours before, and members of the Keliner family identified clothing found with charred and dismembered portions of a child's body in a cellar under a music room of the church, as that worn by her the day she disappeared. Peyton testified that for six years he had read a gas meter in the music room on each month, but after the disappearance of Alma Keliner, Wendling refused to allow him to enter the room until Peyton threatened to complain to Father Schumann. The trial will be resumed tomorrow.

RAILROAD BONDS LEAD.

List of Securitiess Held by Banks of United States.

Washington, Nov. 30.—Railroad bonds lead the list of the securities held by the banks of the United States, according to figures which were prepared and made public by Comptroller of the Currency Murray today.

The total holdings of bonds, stocks and othe securities held by all the banks in the United Statess are $4,723,300,000, and, according to Mr. Murray's calculations, more than one fourth—$1,455,100,000—are railroad bondss.

The State banks hold all but $300,000,000 of that amount. Railroad are followed in order by state county and municipal bonds with $1,044,000,000 and United States bonds with $773,300,000. All those so held are the basis of National bank notes and to secure government deposits. The banks held $492,000,000 of bonds of public service corporation bonds other than railroad, and $.05,000,000 of other kinds. They also hold $283,000,000 of stocks.

The combined banks hold more than $218,000,000 of warrants, judgments, claims and other securities. More than $20,000,000 of foreign bonds and securities are also held. The premium on all bonds and stocks held by banks amount to $26,600,000. The State banks are the largest holders of all the securities with $3,111,400,000 in all. State banks are also the largest holders of railroad bond having $1,156,400,090.

HAD TO PAWN COFFIN.

High Costs of Living Forced Desperate Deed of Atlanta Man.

Atlanta, Ga., Nov. 30.—The high cost of living today forced M. L. Breman to pawn his coffin. Sometime ago Breman bought a coffin for his own use because he could "pick it up at a bargain." Today, however, he needed some money and not having anything else to "soak" he had the coffin carted to a pawnshop. When he received his ticket and money Breman announced that he probably would redeem his pledge.

RHEUMATISM
WEAK KIDNEYS & THIN BLOOD

Not only is the blood the great nourishing source of our systems, but equally as important is its work of removing the waste of oxodized tissues which have been consumed in force and bodily heat. This waste is filtered out through the kidneys. When, however, the kidneys become weak and unable to perform their regular duties, the waste is allowed to remain in the circulation, soon forming uric acid which destroys the greater portion of nourishing elements of the blood and leave it weak and acrid. This imperfect blood deposits into the different muscles and joints the uratic impurity with which it is contaminated. Then the pains and aches of Rheumatism commence. The gritty formation which uric acid causes collects in the joints and produces the aches and stiffness which always accompany the disease. Likewise the muscles are coated and lose their elasticity, while the continual irritation to the nerves produces swelling and inflammation of the flesh.

SSS

S. S. S. cures Rheumatism in the only way it is possible to overcome the disease; it cleanses the blood of all uric acid poison and strengthens the kidneys so they are enabled to properly filter out the waste. S. S. S. is not only the best of blood purifiers, but a fine tonic. Book on Rheumatism free to all who write.

LATE MR. BARZILLIA G. WORTH

Dignified and Substantial Tribute Paid to Memory of Honored Citizen. Chamber of Commerce Yesterday.

At a special meeting of the Wilmington Chamber of Commerce yesterday morning at 11:30 o'clock, called for the purpose of receiving the report of the committee recently appointed to draft a suitable memorial, beautiful and most substantial tribute was paid to the memory of the late Mr. Barzillia Gardner Worth, one of Wilmington's most honored citizens and one of the oldest and most prominent members of the business community.

The meeting was largely attended by the mst representative of Wilmington's business men and the report as prepared by the committee, composed of Messrs. H. C. McQueen, James Sprunt and William Calder, was reau by Mr. McQueen and unanimously adopted as follows:

"BARZILLIA GARDNER WORTH

"Born June 26th, 1822; Died November 19th, 1910.

"The passing of this venerable man, the oldest of our merchants, and one of the last survivors of those of ante-bellum days remaining in active touch with current business, marks a period, and closes an epoch, of our communal life.

"Up to a few weeks prior to his death he was daily at his desk, and through the seventy years of his business career his habits of thrift and steadfast work were an example to more than two generations. During this long period he always found time for active deeds and sympathy for others, and in all the things that make for the highest and best interests of a community the influence of his Christian character and civic virtues were an inspiration. His benevolence and charities, always modestly bestowed, were so broad that they embraced all worthy objects.

"Vicissitudes and disappointments came to him, but he ever met them with a brave heart and clear judgment, turning, eventually, disaster into success. Through all there was the exercise of a beneficence and childlike trust that can emanate only from a pure and gentle heart which fears God and loves its fellowmen.

"Believing the promises of Holy Writ we cannot mourn for one who, without pain of body or misgivings of mind, has, in the fullness of years, been gathered to his fathers, "having the testimony of a good conscience, in favor with God, and in perfect charity with the world."

"Resolved, That this memorial be spread upon our minutes, and a copy be sent to the family of the deceased.

"JAMES SPRUNT,
"H. C. McQUEEN,
"WILLIAM CALDER,
"Committee."

After several members, including President Taylor, Messrs. D. L. Gore, Sam Bear, Jr., Phil. Pearsall and others, had paid warm personal tribute to the life and character of Mr. Worth, upon motion of Col. John VanB. Metts the memorial as presented was unanimously adopted by a rising vote, the Chamber adjourning forthwith as a further mark of respect to Mr. Worth. Among those in attendance upon the meeting were Messrs. W. D. MacMillan, Jr., J. VanB. Metts, J. H. Watters, H. G. Smallbones, R. C. deRosset, D. L. Gore, Thos. H. Wright, H. W. Wilkins, J. H. Brown, T. C. James, G. J. Boney, B. F. Keith, Wm. Gilchrist, Wm. Calder, C. Giles, Jas. Kyle, H. A. Burr, H. C. McQueen, Jas. Sprunt, Sam Bear, J. W. Carmichael, P. Pearsall, A. D. McClure, J. M. Solky, J. A. Taylor, J. O. Reilly, John T. Rankin, E. A. Metts, C. N. Evans, Walker Taylor.

SEABOARD ACCOMMODATIONS.

Chamber of Commerce Enthusiastically Endorses Petitions.

At a special, called meeting of the Wilmington Chamber of Commerce yesterday at noon, enthusiastic endorsement was given to the very largely signed petition to the Seaboard Air Line Railway Co., asking for Pullman accommodations on Passenger Trains 44 and 45 between Wilmington and Charlotte, similar to accommodations now given on the Coast Line between Wilmington and Columbia. The petitions, endorsed are as follows:

"We, the undersigned patrons of the Seaboard Air Line Railway, respectfully request you to establish sleeping car service on Seaboard Air Line Trains 44 and 45, the sleeper to leave Charlotte on train 44 at 5 o'clock P. M., arriving Wilmington at 12:20 A. M., the occupants to be allowed to remain in the car until morning; the sleeper leaving Wilmington to be on train 45 leaving at 5 o'clock A. M., the car to be open to receive passengers about 10 o'clock. We would also ask you to so arrange the accommodations that a reasonable amount of space may be allowed to seat passengers on train 44, arriving in Wilmington at 12:20 A. M."

At the suggestion of President Taylor, who spoke of the needs of the service, the following was unanimously adopted:

"Resolved, That the Wilmington Chamber of Commerce endorse the petition of sundry parties to the Seaboard Air Line to provide sleeping car accommodations between Wilmington and Charlotte, and that the president be requested to press the matter before a proper official of the company."

A Little Girl Found Wandering in the Streets.

A short time ago a little girl was found wandering alone about the streets. When questioned as to her parents, she replied that she had no father and her mother was somewhere looking for work.

What does this mean? Simply that the father when in good employment had not seen the need of saving to provide for his wife and children. Father, make provision at once by taking stock in the new series to be opened by the Peoples' Bulding and Loan Association next Saturday, December 3rd, office 206 Princess street. Shares 25 cents.

PROPOSED NEW BEACH HOTEL

Important Meeting of Stockholders Yesterday—Promoter Abandons Proposition and Local Citizens Take Charge.

Mr. Geo. G. Carter, of Atlanta, Ga., who started the movement for a new and modern hotel at Wrightsville Beach, having abandoned the project, the stockholders of the Atlantis Hotel Company, which proposes to build and operate the hostelry, held an important meeting at the rooms of the Chamber of Commerce yesterday at noon to discuss plans for continuing the undertaking, the matter having reached that stage where local business men have great faith in the success of the enterprise.

It was the unanimous opinion of the stockholders present that the company should secure the property on which it holds an option and if this course is sanctioned by the other stockholders this will be done in a short time.

Mr. John Underwood, of Fayetteville, a member of a development company, was present and submitted a proposition to erect a $150,000 hotel on the site proposed by the hotel company, he to float $100,000 worth of stock, the remainder having been secured among the business men of this city. Mr. Underwood's company, it will be recalled, secured the first option on the Foster and Bear properties, where it is proposed to erect the new hotel, but abandoned the project when Mr. Carter brought forward his plans for doing the same thing contemplated by the Fayetteville concern. Mr. Underwood stated that it is certain that another hotel will be erected at the beach ;that if the present project should fail to materialize his company will take hold and build the hotel.

It was found that out of a total of 500 shares of stock, 269 shares were represented at the meeting. Action on the proposition submitted by Mr. Underwood was deferred until the other stockholders, who subscribed to the $250,000 hotel, are heard from with reference to a $150,000 hotel.

A motion was made to the effect that the local stockholders pay in 25 per cent. of their subscriptions and that the board of directors use the amount thus secured for the purchase of the Foster and Bear properties at the beach, the two tracts costing about $12,000, it was said. The stockholders present were unanimously in favor of this proposition. Mr. H. C. McQueen pointed out that any action taken by a bare majority based on the $150,000 venture would not be binding on those not present who had subscribed with the idea of a $250,000 hotel, the same point which caused postponement of action on Mr. Underwood's proposition. Other stockholders agreed with Mr. McQueen and it was then decided to give those present an opportunity to sign an agreement to the effect that they favored the motion to purchase the property and were ready to pay in one-fourth of the amount of their subscriptions, the agreement then to be circulated among the stockholders not present.

Those present yesterday signing the agreement were Messrs. H. C. McQueen, Thomas H. Wright, Walker Taylor, A. O. Schuster, M. J. Corbett, W. D. MacMillan, Hugh MacRae, Meares Harriss, C. N. Evans, L. B. Sasser, J. A. Taylor, J. A. McGeachy, Graham Kenan, E. A. Metts, G. J. Boney, J. M. Solky, F. E. Hashagen, H. E. Bonitz, A. Shrier, I. Shrier, Clayton Giles, Jr., R. H. Pickett, T. E. Brown, Jas. O. Reilly, Z. W. Whitehead, J. W. Murchison & Co., John VanB. Metts and the Rheinstein Dry Goods Co.

The meeting was presided over by Mr. J. A. Taylor, president of the Atlantis Hotel Company. Mr. Taylor made a statement relative to the progress of the enterprise. He thought the hotel was greatly needed and that it would be erected. Short talks were also made by Col. Walker Taylor, Mr. H. C. McQueen, Mr. Z. W. Whitehead and others.

The sentiment of those present was that the proposed hotel should and must be erected and the stockholders are confident of the ultimate success of the undertaking.

OLD TO GIVE WAY TO THE NEW

Last Service Held in Sunday School Annex of St. Andrew's Church. Work on New Memorial Hall Begins Monday.

At the close of the regular weekly prayer meeting of St. Andrew's Presbyterian church, held in the Sunday School annex at the rear of the church building, last night, announcement was made that this building will not again be used for a church service, as workmen will begin Monday morning to tear away the structure preparatory to the erection of the handsome memorial building, which will be given by Mr. Wm. H. Sprunt, and it is hoped to have the new building ready for occupancy within the next two or three months.

The building which will be supplanted by the new and handsomer structure, was erected about 37 years ago, the cornerstone being laid in 1872, the dedicatory service took place one year later. It is a one-story brick structure and has served well its purpose. The new building will be of brick with stone trimming and will be a handsome structure. Exclusive of the memorial windows the building will cost about $15,000. The first floor will be used for the Sunday School. There will be an assembly hall with a seating capacity of 250 and 11 class rooms opening into the hall will seat 250 in addition. The library will be located on this floor and will open into the assembly hall. The number of class rooms will be increased to 13 by the use of two rooms in the church building proper. The second floor will be used as a hall where all the social gatherings and church society meetings will be held. The hall will be large and well arranged and furnished.

The pastor, Rev. Dr. A. D. McClure, conducted the meeting last night and after a talk by him feeling remarks were made by Messrs. W. H. Sprunt, J. S. Stewart, J. B. Hand and Henry Murphy relative to the work which has been done by the church.

Formally marking the close of the present building and the beginning of the work of erecting the handsome new memorial hall the Ladies' Aid Society of the church will give a reception in the Sunday School annex this evening from 8 to 11 o'clock. All members of the church and congregation and friends are cordially invited to attend. There will be music and refreshments will be served during the evening.

TUG REPORTED IN DISTRESS.

Cutter Proceeds to Ocracoke in Response to Message from Norfolk.

In response to a telegram from Norfolk, reporting that an unknown tug was in distress about 30 miles north of Cape Lookout, the revenue cutter Seminole proceeded from Wilmington at 4:30 o'clock yesterday afternoon to be of assistance to the craft. The tug is believed to be the New York tow boat Albatross, which recently brought a dredge here for the Cape Fear improvement and which cleared from Southport Monday morning. Rough weather is reported on the outside with heavy seas running.

The following Associated Press dispatch was received last night:

Norfolk, Va., Nov. 30.—With her rudder gone and with a crew of 16 on board, the tug Albatross, lies at anchor off Ocracoke Inlet awaiting the arrival of the tug Margaret, which left Norfolk this afternoon to go to the assistance of the helpless craft.

The Albatross is owned by P. Dougberty and on account of a northwest storm which is reported coming up the coast, there is some fear expressed in marine circles for the safety of the tug. The Albatross is commanded by Capt. H. H. Hickman, of Norfolk. She was bound to Norfolk from Southport, N. C.

NEW RATE REQUIRED.

Commissioners Asked to Name Pilotage on Heavier Draught.

The Commissioners of Navigation and Pilotage were requested yesterday by Pilot William St. George to make a pilot rate for a new draught, namely 24-feet 2 inches inward bar pilotage and up river pilotage, this being the highest record, for which provisions has not been made.

The chairman has established this rate on an arbitrary estimate of 24 1-2 feet, which would make the pilotage, inward bar $137.37, and up river $83.88.

FIVE STEAMERS FOR FISHING

Enormous Business of Ocean Fisheries Co.—Steamer Montauk Leased for Season—3,800 Barrels This Week.

With the arrival yesterday of the big fishing steamer Montauk, leased for the season from the New York Fisheries, five steamers are now engaged in fishing for menhaden for the Ocean Fisheries Company and an enormous catch of 3,800 barrels was made this week.

The Montauk is the largest fishing steamer ever operated by a Cape Fear fishery and for a number of years has been used by the New York fisheries around Cape Charles and along the North Atlantic coast. The steamer draws 14 feet of water when light and was docked yesterday at the wharf of Stone & Co., awaiting the arrival of a crew from Norfolk, Va.

The five steamers now operated by the Ocean Fisheries are the Adams, Dey, Colburn, Montauk and Compton and the season has been an unusually busy one. There are some 250 men employed on the steamers and at the factory at present.

The Montauk will make her first trip as soon as the crew arrives. They are expected from Norfolk this morning and the steamer will probably put to sea today. The Montauk is fitted up modernly for the business and has made some record catches while engaged in fishing for the New York concern. The Ocean Fisheries recently purchased the steamer Colburn, which was brought here from the Cheasapeake Bay, but she with the three others owned by the concern were not sufficient for the output desired this season.

Capt. O. D. Burriss, well known in Wilmington, having formerly been master of the steamer Wilmington, but who recently secured pilot's license and located at Southport, will pilot the new steamer Montauk and came up with her from Southport yesterday morning.

The record catch of the season was made this week, three steamers having brought in 3,800 barrels of the menhaden as follows: Steamer Adams, 1,900; steamer Campton, 1,200; steamer Colburn, 800.

INTERESTING CIVIL ACTION.

Trial Yesterday in Case Involving Point of Law.

A rather interesting civil action, involving a point of law, was heard in Justice Bornemann's court yesterday morning. The action was brought by Sloan & Sweeney against Mr. E. B. Pleasants and the amount sued for was $67 alleged to be due the contractor who erected a house for Mr. Pleasants on Sixth street.

Mr. Pleasants, it seems, obligated to pay two accounts for the contractor, aggregating $450, at the Jacobi Hardware Company, and when he settled with the contractor reserved this amount to pay the account he had guaranteed. The plaintiff contended that before the amount was paid to the hardware company various liens were filed by material men, but Mr. Pleasants took the position that as he had stood for the account it was his duty to reserve the sum and pay off the claim. The various creditors filing liens took the position that if Mr. Pleasants was allowed to pay the accounts he stood security for the other creditors would receive only about 10 per cent. of the amount due them, and that Mr. Pleasants having personally become responsible for the accounts at the hardware store should share alike with the other creditors of the contractor. The amount of the claim of Sloan & Sweeney was $67 and they brought action to recover their pro rata share of the amount due the contractor when the contract was completed with the $450 included. In other words, they contended that Mr. Pleasants should have $526 with which to pay the claims of those failing liens instead of $76, as he now has with the $450 deducted from the original amount. Justice Bornemann decided in favor of the plaintiff, giving judgment for $31.27 and costs, which is the plaintiff's pro rata share on the basis of settlement proposed by the plaintiff. The defendant took an appeal to the Superior Court. W. P. Mangum Turner, Esq., represents the plaintiff, while Thos. W. Davis, Esq., appears for the defendant. The total amount due creditors by the contractor is said to be in the neighborhood of $1,000.

MATRIMONIAL BUSINESS GOOD.

Increase Shown in Number of Licenses Issued for Year.

The fiscal year 1910 for all county officers ended yesterday and today the fiscal year 1911 begins. During the year there were issued from the office of the Register of Deeds 358 marriage licenses, 176 to white and 182 to colored couples, an increase of 23 over the preceding year, when 150 were issued to white and 185 to colored couples, a total of 335. The increase was in the number issued to white couples, the number issued to colored couples falling below that of the previous year by three. It would seem that the matrimonial business in New Hanover county is picking up some every year, the number issued in 1909 showing an increase over that of 1908. During the month of November of this year there were issued 34 licenses, 20 to white and 14 to colored couples against 32 for October. Register of Deeds John Haar will make his annual report to the Board of County Commissioners in session next Monday, which will be the first meeting of that body for the new fiscal year.

LEAVES FOR NORFOLK, VA.

Rev. Thos. A. Smoot Begins Sunday Pastorate of Church There.

Rev. Thos. A. Smoot, who for the past three years has been the popular pastor of Grace Methodist Church, and his excellent family, will leave this morning for Norfolk, Va., where Mr. Smoot will begin Sunday morning his pastorate of Epworth Methodist Church of that city to which he was appointed by the Virginia Conference to which he was transferred from the North Carolina Conference.

During Mr. Smoot's pastorate Grace Church has had a wonderful growth, having expanded in every way. During this period there have been added 246 members, 53 the first year, 81 the second and 110 the third. The amount raised annually by the church has likewise grown rapidly. The first year of Mr. Smoot's pastorate the church raised in round numbers $7,000; the second year, $8,000 and the third, $11,000. There has been a corresponding growth in every department of the church. The past year has been the best of the three. During the year there were 110 accessions to the church, 53 on profession of faith and 57 by transfer, making the present membership 764. The church raised for all purpose $11.735, which is exceptionally good. The church has met all its obligations and paid off all indebtedness, the last claim of $1,500 being liquidated in the Spring. The enrollment of the Sunday School now is 625; the Epworth League has an enrollment of 98, and the Home and Foreign missionary societies 215. The missionary societies have raised during the year about $1,400. The church has made a special contribution to missions of $1,250 and has sent Miss Ida Hankins, a member of the church, to a training school at Kansas City, Mo., to prepare for work in the foreign fields. Within the Sunday School there are two flourishing organizations in the Junior Baraca and Philathea classes, both of which are doing good work in various lines. The church is in splendid condition in every way and the regret is that Mr. Smoot is not to continue as pastor for anotner year, when he would have served his time limit of four years.

WINNER BEGINS SENTENCE.

Had Breakfast at Convict Camp Yesterday Morning.

Marion L. Winner, who was sentenced some months ago to six months on the county roads for selling whiskey, and who was captured Tuesday morning by Deputy Sheriff A. T. Piver after evading the officers of the law for the past three weeks, was taken from the county jail to the roads early yesterday morning, arriving at the camp in time for breakfast. He donned convict garb and began immediately his service for the county. It is understood that application will be made to Governor Kitchin for a pardon or reduction of the sentence, and it is likely that there will be opposition. In fact, Governor Kitchin has already received at least one communication in opposition to favorable action on any application for executive clemency. There are a large number here, however, who would like to see Winner receive a pardon or his sentence reduced.

MR. STRATTON BURTON DEAD.

Prominent Onslow County Farmer Died in This City Tuesday.

The body of Mr. Stratton Burton, who died Tuesday afternoon at the home of his son, Mr. R. L. Burton, No. 813 North Fourth street, was taken yesterday morning to Jacksonville, N. C., for interment. Mr. Burton was 82 years and eight months old and his death was caused by heart disease. He was a prominent farmer of Onslow county, residing near Jacksonville, and was on a visit to his son at the time of his death. He was well known and highly esteemed throughout the county and his many friends will learn with deep regret of his passing. He is survived by his wife and two sons, who will have the sympathy of a great many friends. The funeral and interment took place yesterday at Jacksonville and the burial was with Masonic honors. Mr. Burton being for a number of years affiliated with that order.

Submitted and Paid Costs.

Through his attorneys, A. J. Marshall and Fred W. Bonitz, Esqs., M. Blum, who conducts a dairy near Delgado, submitted in Justice Harriss' court yesterday morning to the charge of using milk bottles belonging to the Shadeland Dairy, the proprietor of which, Capt. J. D. Bowen, caused his arrest last week. Counsel stated that the defendant did not know he was violating the law. Justice Harriss fined the defendant $10 and costs, which was paid.

Critically Ill in Durham.

Friends will regret exceedingly to learn that Mr. Thomas Wood Robbins, son of Mr. and Mrs. Chas. Robbins, formerly of Wilmington but now of Durham, is critically ill in the Watts Hospital in the latter city. He has had two operations for appendicitis and little hope of his recovery is now entertained as it is said that blood poisoning has set in.

Work on New Building.

Work on the new school house to be erected near Greenville Station, the contract for which was let some time ago, will begin this morning and will be pushed to a rapid completion. It is hoped to have the building ready for occupancy at the beginning of the Spring term of the school, shortly after the Christmas holidays. For some days Contractor Burriss has been busy placing his materials and it was stated yesterday that construction work will commence today. The building, which will be similar in design to the one on the Castle Hayne road, will be located a short distance west of Greenville Station on property given by Mr. Thos. F. Bagley, a deed for which was filed for record yesterday.

Bradshaw; vice grand, Wellington Tatum; recording secretary, A. T. Parker; financial secretary, J. E. Silvia; treasurer, H. O. Craig; trustees of widows and orphans' fund, J. E. Silvia, W. J. Bradshaw and J. H. Swinson.

Danderine

GROWS HAIR and we can

PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which hair grows must receive the attention if you are expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

MISS DAISY DAVIES AT GRACE CHURCH LAST NIGHT.

Miss Daisy Davies, field secretary of the Woman's Missionary Council of the M. E. Church, South, made a missionary address at Grace Methodist church last night and was heard by a large and appreciative audience. Miss Davies told most interestingly of the work being done by the Home and Foreign missionary societies and pointed out the great work yet to be done if the 2,500,000 in the "dark continent" are to be reached. She spoke with a deep earnestness and inspired her audience to strive for greater things in missionary work. Miss Davies will speak tonight at Fifth Street Methodist church, beginning at 8 o'clock, and the public is cordially invited.

MISS DAISY DAVIES AT FIFTH STREET M. E. CHURCH.

Miss Daisy Davies, who is lecturing in Wilmington in the interest of Foreign Missions, will deliver an address at Fifth Street M. E. Church tonight. A cordial welcome is being accorded Miss Davies, who is remembered very pleasantly in Wilmington from a former visit. Her efforts in behalf of Missions in Southern Methodism have been richly rewards and deservedly so. The members of Fifth Street Church are congratulating themselves on the opportunity of hearing Miss Davies and quite a good sized audience is expected by those in charge of the service. The Woman's Missionary Society, under whose auspices the lecture is being given, will start the service at 8 o'clock. A short interesting programme has been prepared by the Missionary Department of the Epworth League under the direction of Mrs. L. C. LeGwin.

The Recorder's Court Yesterday.

In the Recorder's court yesterday morning Mr. E. Snyder, the well known painter and decorator, was given hearing on the charge of failure to furnish an itemized contractors' statement in certain work done. He was found guilty and judgment suspended upon payment of costs. A drunk was assessed the usual amount for such offenses. The cases against Mr. J. O. Brock were continued until Friday, owing to a sight indisposition of the defendant, it was stated in court.

Negro Shot His Wife.

In the heat of a quarrel with his wife at their home in Brooklyn last night, Frank Wood, colored, shot his better half with a pistol, the bullet striking her a glance on the forehead inflicting a flesh wound. Mounted officers Coleman and Brinkley heard the report of the pistol and hurried to the scene, but Wood had already made his departure. He was arrested later however.

Indoor Baseball.

An interesting game of indoor baseball was yesterday played at the Boys' Brigade armory between the E. D. S. and the Boys' Brigade. The Brigade had the E. D. S. 6 to 4 at the beginning of the sixth inning but the arrival of Corbett and Thomas Lewis, mainstays of the E. D. S., routed the "Jonah" and the team batted in 10 runs before the rally was over. The Brigade fought hard but the score closed 14 to 9. Another game is scheduled for Wednesday afternoon at 3:30 o'clock when all are invited. Batteries, E. D. S., N. Shepard and C. Shepard; Brigade, Ellis and Register.

SHIP SUBSIDY PROBE.

No Developments at Hearing Yesterday—Several Witnesses.

New York, Nov. 30.—None of the witnesses who appeared today before the Congressional Committee investigating the charges that foreign ship interests sought to defeat ship subsidy legislation at Washington will testify of his own knowledge that the companies had maintained a lobby.

The chief witness, Alexander Smith, secretary of the Barge Canal Terminal Commission, and formerly superintendent of the Maritime Exchange, said that while he knew foreign ship companies had representaetives in Washington, he did not know of the existence of any lobby.

"Do you know of any foreign ship campanies using their influence against any legislation favoring American shipping?" he was asked.

"No, I do not." Mr. Smith responded.

The witness said that "several companies had representatives in Washington when the ship subsidy came up during the past 10 or 12 years," he added that a number of Americans were against the bill, but for the most part they were men who were not interested in foreign countries.

PERKINS FALLS 125 FEET.

Carried Up by Big String of Kites. Making Experiments.

Kansas City, Mo., Nov. 30.—Samuel P. Perkins dropped 125 feet here today while being supported in the air by a string of kites. The top kites collapsed in a 60-mile gale and Perkins was only saved from serious injury by the parachute effect of the smaller kites.

He had risen 150 feet despite unfavorable weather conditions when the braces of the big kites crumpled in the wind and he fell to within 25 feet of the earth. The rest of his descent was checked and he was not badly injured.

Perkins is a balloonist of National reputation and is conducting experiments to show he utility of kites as accessories of war.

SAILORS REPORTED DROWNED.

Fierce Gale Raging and U. S. Ships Are Forced to Deep Water.

Cherbourg, Nov. 30.—A fierce gale is raging along the coast and the battleships of the second division of the United States Atlantic fleet have been forced to stand off shore under full pressure. It is reported tonight that an American picket boat has been sunk and seven men lost.

A launch from the battleship Louisiana today made a gallant rescue of the crew of a launch from the French armored cruiser Dupleix, which was swamped by the heavy seas. Many of the American blue jackets ashore are unable to get back to their ships.

Connellsville, Pa., Nov. 30.—Following a quarrel with her husband, Andrew Haas, proprietor of the Hotel Haas, Mrs. Julia Haas shot and probably mortally wounded him and then shot and instantly killed herself at the hatel late today. Haas is a prominent Elk and has resided in Connellsville for 20 years.

Theatrical

Tonight Wilmington theatre goers will have an opportunity of witnessing the most stupendous stage production in the history of the Academy. They will tonight get a chance of seeing the mammoth and wonderful "Midnight Sons," and the company of a hundred will reach Wilmington about 9 o'clock this morning, coming from Charlotte on a special train. The organization is so huge and there are so many tons of scenery and mechanical effects to transport that a special train is always used in making a jump from one city to the other. Seats for the big performance went on sale at Plummer's yesterday and signs point to a "standing room only" audience in this city.

"The Midnight Sons" only entered the South Monday night, playing then at Danville, Va., and the Danville Register of Tuesday afternoon pronounced the show as a wonderful one, paying it the following long and big tribute:

"'The Midnight Sons,' a big scenic musical comedy production, was presented at the Academy last night to one of the largest and most enthusiastic audiences of the season. The production was well received generally, some features of it being novel and wonderful, though others are more or less familiar to lactl theatregoers.

The bill is really a big vaudeville show, with scenic and musical features as a setting for the various turns by the star performers. It is in two acts, the first of which has five scenes and the latter three. The stage settings, scenery and accessories are perhaps the most massive and extensive ever shown here by a road company, these being features of the production. The first act represents a gay stag banquet, with the chorus figuring as waitresses and with a dancer doing a butterfly dance under the calcium by way of diversion for the banqueters. This is an elaborate and admirably presented feature of the show. It is apparently modeled after the famous (or notorious) Seeley dinner in New York some years ago, and is full of clever features. The second scene portrays the exterior of a shoe store, and is merely a time-server while the third representing the interior of the store is being staged. This itself is but the locale for some horse comedy. The fourth represents the Grand Central Railway station. The fifth is easily the feature of the show, portraying the departure of the Honeymoon special. On the rear end of an observation car are seen the merry wedding party, while by means of remarkable motion picture effects, the car is apparently moving swiftly over the rails, with the scenery whirling rapidly by. This is one of the most realistic effects ever produced on the stage here and aroused great enthusiasm, for it is truly wonderful.

"The second act introduces another ambitious effort in stage setting and effects, portraying a complete theatre on the stage, with parquet, galleries and proscenium boxes and a stage intervening between the mimic theatre audience made up of the actors and the real audience. Various vaudeville stunts are pulled off on this miniature stage, including an acrobatic waltz, which has the Merry Widow affair beaten several blocks. This is the second noteworthy feature of the performance and was wildly cheered. The final scene represents a Florida Garden fete, and this, too, is but the background for a series of clever vaudeville turns, including songs, dances and comedy, with a well drilled and handsomely costumed chorus. Some of the songs are not new, and the same is true of some of the drills, but there is a limit to novelty.

"Another feature of the show which should not be overlooked is the handsome costuming in every act. Colors blend harmoniously and most effectively and contribute to some charming stage tableaux and pictures. Unfortunately, this show, like most of the musical comedy affairs, has no good individual voices in the company, or if so they are not featured. Altogether, however, 'The Midnight Sons' is an entertaining and pleasing effort at stage variety."

Popular Price Musical Comedy.

Beginning next Monday night the Academy is to offer three nights of popular price musical comedy. That will indeed be an innovation, as well as a delightful treat, and will, no doubt, be appreciated to the extent of big business resulting. The well known organization, "The Runaways," will be the attraction and during their engagement will present three bright and clever musical gems. The opening bill, for Monday night, will be the exceedingly merry and very picturesque "Japanese Honeymoon." It is just such a joyous jingle as permits of pretty, fantastic costuming and a whole lot of beautiful stage pictures. The music is said to be very catchy and awfully jolly, while the plot is sweet and heart interesting. While no mammoth New York production may be expected, something good may well be anticipated ;something worth much more than the small scale of prices that will prevail for the Wilmington engagement. The prices will run to 50 cents and on Monday night ladies will be extended the usual complimentary courtesy ;that is, every lady accompanied by the holder of a paid 50cent ticket, will be admitted free, provided such ticket is purchased at Plummer's by 6 o'clock Monday afternoon. Seats will go on sale Saturday morning.

At the Bijou Today.

Another splendid programme is offered at the Bijou today. "The Education of Elizabeth," is a fine farce comedy of the West, in which there are many humorous situations that are bound to bring forth roars of laughter. "Ononko's Vow," is an unusually strong drama, patriotic, wholesome and soul stirring. These will feature the bill today.

At Joyland.

The management of this popular little theatre announces that today's bill will be the best ever seen in Wilmington. The bill includes "Mendelsshon's Spring Song." This picture illustrates the life of the famous music master." The Hobble Skirt" is a hilariously funny film that will bring lots of laughter. "The Blind Man's Dog" and a beautiful scenic picture, "The Falls of The Rhine" will also be offered.

300 MEN PERISH.

Persian Dock Workers Washed Overboard—Details.

Astrakahn, Russia, Nov. 29.—During a sudden tempest in the Caspian sea today a landing stage on which were 300 Persian dock workers, was dragged from its moorings and swept out to sea.

The storm was so violent that attempts at rescue were futile, and all hope that any of the men will be saved has been abandoned.

Scores of ships, several with their crews on board, were sunk at their mooring at different Caspian coast towns.

Seven towns along the coast were flooded, the inhabitants in hundreds of cases being forced to take refuge in hay stacks. The plight of the sufferers is pitiable, as intense cold has added to the general misery.

A number of steamers have been sent from this port to aid the sufferers of the storm.

New York, Nov. 30.—Eight racing associations seeking to defeat the anti-betting bills at Albany, contributed $264,000 to the Jockey Club for legal expenses, according to M. Linn Bruce, counsel of the Legislative Craft Investigating Committee. During the session of the committee today Mr. Bruce ran over the various contributions, which have been admitted in testimony and used them as a basis for his statement.

ITALIAN BARK LOST.

Sailed From Pensacola to Uruguay About 186 Days Ago.

Pensacola, Fla., Nov. 30.—The Italian bark Penny, which sailed from Pensacola June 24th, with a cargo of lumber for Conception, Uruguay, has been given up as lost. Not a word has been received from her and no vessel has reported speaking to her during the 186 days she has been out.

Craddock Shoes Make Short Miles

It's uphill work getting satisfaction out of some shoes. They may look real nice and prove to be all looks. They may wear well only to look like sixty very shortly, and more than often they are built of such tough, stiff leather that they punish the feet excruciatingly.

The CRADDOCK SHOE

$3.50 All Leathers $4.00

is a good shoe for any man, for any purpose. It is built of the right stuff in the right way. It costs little enough at the start and that little proves a good investment in long wear, snappy style and just the kind of comfort your feet are entitled to. You'll go farther and fare worse, many many times, before you'll find the equal of the Craddock Shoes even at $5.00 and $6.00.

COTTON IS GOING DOWNWARD

Market Nervous and Unsettled Yesterday—Net Loss of 8 to 13 Points—Traders Scalping Market—Conditions.

New York, Nov. 30.—The cotton market was nervous and unsettled today and while fluctuations were more or less irregular, the general tendency was downward under scattering liquidation and local selling, with the close barely steady at a net loss of 8 to 13 points.

The market opened steady, but during the first few minutes sold off to a net loss of 6 to 10 points under scattering liquidation and local bear pressure inspired by indifferent cables and apprehensions that there were still long lines in the market which might be liquidated before the publication of the government reports next week. Around 15.20 for May there was a good demand and prices rallied 5 or 6 points from the lowest during the forenoon, but weakened again in the later trading following rumors that preliminary reports to the National Ginners' Association indicated a total ginning to December 1st of a little over ten million bales. The low point was reached in the late trading when the active months showed a net loss of 10 to 15 points and last prices were within a point or two of that level. In a general way the trading suggested evening-up of accounts by outside operators owing to confusion of ideas as to the probable showing of the government estimate in view of the widely varying private forecasts of the yields. Local traders appeared to be scalping the market, and while there was some selling by January by leading longs, the spot interests who are supposed to be taking up December cotton were believed to be transferring their hedges by purchasers of January against sales of March and May. Southern spot markets as officially reported early were unchanged to 1-16c higher.

Receipts at the ports today 76,026 bales, against 62,026 last week and 34,784 last year; for the week 380,000 bales against 391,414 last wee kand 220,541 last year. Today's receipts at New Orleans 35,301 bales against 4,503 last year.

Spot cotton closed quiet, 5 points decline; middling uplands 15.05; middling gulf 15.30; sales 400 bales. Futures opened steady and closed barely steady.

FOREIGN REPORTS GOOD.

Conditions on the Cotton Market Yesterday—Sagging Tendency.

(Special Star Telegram.)

New York, Nov. 30.—Reports from Manchester continue good and Liverpool fair. Apart from this, news is lacking. The market had a sagging tendency as the buying on the absurd estimate of yesterday's late afternoon had ceased. Small crop views are in the ascendant, but their effect is being discounted on supposed to be discounted in the ruling prices. Heavy selling depressed the market with room traders resisting the advance, but generally trading was in smaller volume and prices were rather irregular. A heavy increased movement is thought probable for the first half of December and the interior towns show receipts exceeding the daily shipments. Small fluctuations are expected for a few days and the coming bureau report is expected to be in line with the crop estimates. The market is nervous moving in either direction with equal ease.

HUBBARD BROS. & CO.

A VIOLENT BREAK IN STOCKS

Believed to Have Been Due to Recent Bull Movement—No Explanation Attended to Decline—Dull After Midday.

New York, Nov. 30.—Prices broke with some violence in today's stock market, the active list registering losses that ranged from 1 to 2 3-4 points. No explanation attended the decline other than the rather vague, but general belief that the recent bull movement had gone stale from lack of outside encouragement. By way of supplementary rumor it was thought in many quarters that some open readjustment in steel and iron prices would soon be announced.

Color was given to this belief by reason of the meeting during the day of the leading interests in that industry at which the unsatisfactory trade conditions undoubtedly came in for much discussion. Up to the close of the market, however, no word had come from that quarter. In the trade it is generally admitted that prices are being shaded, but not to such an extent as to precipitate an open war, such as occurred in the early part of 1909. While no official data is yet at hand, it is almost universally conceded that the United States Steel Corporation's report of unfilled orders for November will show a further decrease. Otherwise the day's news was a mixture of more or less indifferent character. There were less authentic advices that the money pressure is relaxing in the West and akin to this were reports from nearby mercantile centres which told of a marked diminution in offerings of commercial paper. This latter phase of the banking situation was accepted as indutiable proof of contracting business during the coming year.

Returns of the Harriman roads for October were uncommonly interesting in that they showed large losses in net earnings. Those of Union Pacific decrease $717,000, while Southern Pacific lost $721,000. The returns of the St. Louis & San Francisco system for the same month ran from favorable to advarse with a fairly substantial increase for the first four months of the fiscal year.

The local stock market became dull after the midday period of liquidation with fitful rallies, but in the final dealings another attack by the short interest wiped out the better part of this recovery, the tone at the close being altogether unsteady.

Bonds were steady with extremely narrow transactions. Total sales par value $1,727,000. United States bonds were unchanged on call. Total sales stocks today were 748,700 shares.

New York, Nov. 30.—Abe Attell, of California, easily defeated Pal Moore, of Philadelphia, in a ten-round bout at the Fairmont Athletic Club tonight. It was a poor match. Moore was outclassed from start to finish by the feather weight champion and at the last bell Abe's only mark was a slight trickle of blood from the nose while Moore's face was terribly bruised and both his eyes were closed.

Ends Winter's Troubles.

To many, Winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, eczema and sprains. Only 25c at Robt. R. Bellamy's.

LARGEST DRY DOCK IN WORLD.

Thousand-Foot Cradle for the Erie Basin at Brooklyn.

New York, Nov. 30.—New York is to have the largest dry dock in the world.

The big cradle will be constructed in the Erie basin, Brooklyn, and will be more that 1,000 feet in length, sufficient to accommodate the largest steamship yet planned by any builder.

It will be used for the docking of trans-Atlantic steamships in need of emergency repairs.

CANVASS ELECTION RETURNS.

State Board Meets in Raleigh—Capital News Notes.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 30.—The State Board of Elections met today and named its three Democratic members—Col. Wilson G. Lamb, chairman; J. D. Elliott, J. C. Clifford, and one of the two Republican members—Clarence Call—as the board of canvassers to canvass the election returns of the November election, this work to be done tomorrow.

A charter was issued today for the Atlantic & North Carolina Industrial Institute, (Inc.), of James City, the negro suburb of Newbern. The purpose is the maintenance of schools for negroes in that locality.

A compromise judgment has been entered in the Federal court here for $4,500 in favor of O. W. Williams, of Wayne county, against the Atlantic Coast Line, the case being a damage suit for injury received at Florence, S. C., while the plaintiff was in the employ of the railroad company. He was struck by a backing train at a crossing without warning and had his arm terribly cut and his jaw bone broken.

W. A. Madlock has been made permanent receiver for the Asme Drug Co., of this city, his bond being fixed at $10 000. The company was just organized in February 1909 for a wholesale drug business with $11,779 capital paid in.

HITCHCOCK TO ISSUE ORDER.

Thousands Will be Saved by Efficiency in the Department.

Washington, Nov. 30.—Thousands of dollars annually will be saved and the efficiency of the corps of special agents and inspectors of the Postoffice Department will be increased by an orders which will be issued tomorrow by Postmaster General Hitchcock. By the terms of the order, which is to bcome effective immediately, the several corps superintendents and special agents doing supervisory and inspection work in the field are merged into the general inspection service of the department and thus placed under a single management. The assembling of the field forces under one management is in keeping with Mr. Hitchcock's consolidation several months ago of the star route and rural delivery systems, a reform that is saving the Department many thousans of dollars by preventing needless duplication of service.

The object of the new order is to do away with double work and to insure effective co-operation for all branches of the inspection service, which was attainable under the old scheme of organization. In his travels through the country last Summer Mr. Hitchcock made a special study of the field service of the Department. He discovered conditions which will be remedied by the new order.

At present there are 355 inspectors and, with the addition of the 49 men affected by the new order, there will be organized under the chief inspector a field force of 404.

PACKER MAY RECOVER.

Schenck Shows No Poison Symptoms. Wife Still in Jail.

Wheeling, W. Va., Nov. 30.—All danger of John O. Schenck dying as a direct result of the arsenic alleged to have been administered to him has passed, according to Dr. Frank J. Hupp, who stated tonight that so far as the poison symptoms are concerned the recovery of the millionaire pork packer is assured.

This makes it certain that Laura Farnsworth Schenk, who is in jail on a charge of attempted murder, cannot be tried for more serious offense, and that if convicted, she will receive a prison sentence of not less than three nor more than 18 years. Judge Jordan fixed the bail in the case at $10,000 last Saturday, but it has not yet been furnished. Although Mrs. Schenk is known to be very anxious to enjoy her liberty pending trial on December 19th, it is believed that her lawyers have thus far found it impossible to secure a bondsman for her, and it is the general impression now that she will continue to occupy the lower room in the jail until she is arraigned in the criminal court.

Nashville, Ind., Nov. 30.—Elbert Merida, who lived his 90 years without ever having shaved or having his hair cut, is dead at his home near here of typhoid fever. He was one of the oldest settlers of Brown county. In his little log house are a number of rattlesnake skins, to the wearing of which as belts he attributed his long life.

NEGRO BANDIT WAS KILLED.

Held Up Passengers on Train and Was Shot to Death.

Memphis, Tenn., Nov. 30.—Jack Thomas, a negro of Blytheville, Ark., turned bandit, terrorized and robbed passengers on a westbound St. Louis & San Francisco fast train and in the end was shot to death by A. B. Walton, railroad watchman.

The train, the St. Louis-Memphis limited, had just started across the bridge over the Mississippi on the outskirts of Memphis, when Thomas' revolver in hand, came through the doorway which separates the white and colored smoking compartments.

In true frontier style, the negro commanded "hands up" and without further ceremony a score of hands went up. Then he passed his victims along into the negro section of the car, emptying their pockets as they went along. Four had been divested of their purses and trinkets, when Walton appeared on the scene, summoned from the rear platform by a fare collector, who had escaped the eye of the negro.

Walton fired as he entered the coach, the bullet striking the hold-up man above the heart. He staggered and attempted to aim his weapon, but Walton continued his fire, two other bullets loding in the negro's body. Thomas toppled over when the last bullet struck him and was dead when the watchman made his way along the aisle through the now panic-stricken passengers. One of Walton's bullets went wild, striking an unknown negro and inflicting a slight wound.

The train was stopped at the next station and the body of Thomas was taken off. A coroner's jury was empanelled on the depot platform and Walton exonerated from blame. Then the train proceeded on its way after the negro's pockets had been stripped of the money and trinkets and returned to the owners.

QUIET IN MEXICO.

Day of Peace in the Republic—Troops Moving.

Laredo, Texas, Nov. 30.—Telegraphic communication with the town of Mataros, Mexico, interrupted last night was restored today and conditions in that vicinity are reported tranquil.

Douglas, Ariz., Nov. 30.—The Fort Huachuca cavalry detachment under command of Lieut. Powers, brought here since the outbreak in Mexico, has moved to the San Bernardina ranch in the San Simon Valley, 13 miles east of this city on the border.

The Mexicans on this strip of land, near the border, have also moved eastward. The cavalry detachments will keep moving, returning here to communicate with the authorities.

Couriers have been sent out from this city to discover if possible how far West the rebels have taken the country in the direction of Sonora and the Sahuariba boundary.

Brest, Nov. 30.—The municipality of Brest gave a brilliant entertainment and ball at the city hall this evening in honor of Capt Charles B. Howard, commander of the fourth division of the United States Atlantic fleet, and the other officers.

BISHOPS RETURN.

Prelates of Methodist Church Return From Foreign Fields.

Nashville, Tenn., Nov. 30.—Bishop W. R. Lambuth, who has been holding conferences in Brazil and supervising the mission work of the Southern Methodist Episcopal Church in South America, has returned to Nashville.

Bishop Lambuth and Bishop Hoss have been in the foreign field for some weeks, both arriving in the United States during the last week. Bishop Hoss reached San Francisco on November 18th, and after a visit to his family in Oklahoma, will arrive in Nashville about December 15th.

The arrival of the two leading bishops of the church at this time is a matter of decided interest as the controversy over the control of Vanderbilt University will probably come up soon, as legal proceedings have already been instituted.

Boston, Mass., Nov. 30.—John A. Donahoe, of Lynn, for 12 years a confidential clerk in the employ of Thomas B. Lawson, the financier, committeed suicide today by jumping in front of an electric train of the Boston Elevated Street Railway in the Washington street tunnel. The cause of the act is unknown.
